

FIVE ARE KILLED IN TRAIN ACCIDENT OVER THIRTY INJURED

Denver and Rio Grande Western Train Eastbound From
San Francisco to Denver Derailed in Utah
Late Wednesday Night

Grand Junction, Colo., May 3.—Five persons are known to be dead today and more than thirty injured, while it is feared others may be buried under the wreckage of Denver and Rio Grande Western train Number 2, eastbound from San Francisco, 40 Denver, following a derailment near Woodside, Utah, 130 miles west of this city, late last night.

The flyer is believed to have hit an open switch, resulting in the two engines, two baggage cars, the smoker and chair car leaving the tracks and crashing into a ditch.

The dead include four unidentified passengers and three members of the train crew.

Only meagre details of the wreck had reached this city early today.

A relief train was made up here and several nurses and doctors rushed to the scene of the accident, an isolated town with few facilities for caring for the injured.

Engineer Fred R. Rader, of the second engine, was reported instantly killed. Fireman Anderson also killed. A woman identified as Mrs. Morris of Moab, Utah, was found dead in the wreckage.

EX-CONGRESSMAN IN TOILS OF LAW IN U. S. CAPITOL

Manuel Herrick of Oklahoma Charged With
Disorderly Conduct

Washington, May 3.—Ex-Congressman Manuel Herrick, of Oklahoma, the self styled aerial "dare devil" of Congress was in the toils of the law today.

Herrick was arrested on a downtown street corner last night, charged with disorderly conduct and annoying Miss Ethel M. Crane. When searched at headquarters the ex-congressman had a list containing the names and addresses of nearly fifty capitol girls.

Such notations as "good," "not so good," and "terrible" were penciled after their names. A high powered bottle of perfume also was revealed by the search of his person.

The arrest was made with considerable difficulty and the "wagon" was called into service to get the ex-congressman to the station house. He asserted he was a private detective and was investigating "white slave" cases. He also claimed congressional immunity from arrest. He was released on \$5 collateral for appearance in Police Court today.

Washington newspapers have been filled with Herrick's eccentric exploits during his two years in Congress.

RUTHENBERG WILL SERVE JAIL TERM OF 10 YEARS LIKELY

Cleveland Syndicalist Con-
victed of Violating Mich-
igan Laws

St. Joseph, Mich., May 3.—Charles F. Ruthenberg, Cleveland syndicalist, who was convicted of having violated the Michigan Anti-Syndicalism laws after a jury had deliberated nearly forty-eight hours, will be sentenced June 4.

It was stated today the sentence may be imprisonment up to a term of ten years, a \$5,000 fine or both.

Ruthenberg, according to reports from jurors was convicted on the fourth ballot, three jurors agreeing that the laws had been violated by the Bridgman convention last summer, but announcing themselves as not satisfied Ruthenberg had advocated overthrow of the government. An argument of an hour's duration by other members of the jury, it was said, convinced them.

The jury was congratulated as "all American" by the prosecutors. Ruthenberg probably will appeal.

GOVERNOR SIGNS BILL

Harrisburg, Pa., May 3.—Governor Pinchot at noon today signed the Derick bill, which prohibits Pennsylvania municipalities from adopting daylight saving time by ordinances or resolutions.

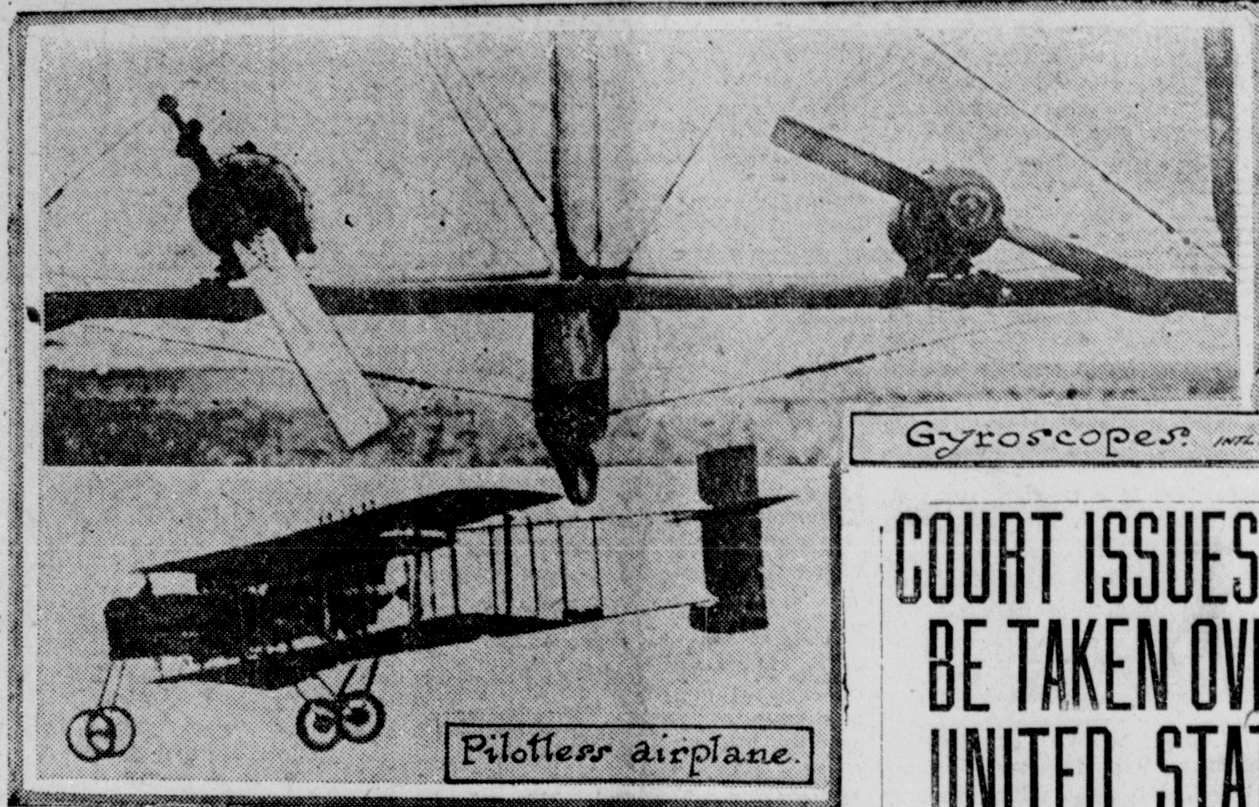

MYSTERY SHROUDS IDENTITY OF WOMAN

Covington, Ky., May 3. A young woman who said she was unable to remember her name and address, was taken to St. Elizabeth Hospital here early today after she was found wandering on the De Coursey pike south of the city last night. She was listed by police as an amnesia sufferer.

The young woman, well dressed, pretty and apparently a member of a refined family said she could remember only that she was 18 years old and was thrown from an automobile last night by several men. Later she said she was 24 and that she recalled recalled having received a peculiar drink at a roadhouse.

Hospital authorities are puzzled because they can find no scratches to indicate a fall from a car, and no traces of liquor were evident.

AIRPLANE MAKES FLIGHT WITHOUT PILOT

Experiments with an automatic airplane, directed by wireless control, have been made with complete success at Ville Sauvage, near Paris. The airplane had been made almost completely automatic, a control button on the ground directing it by wireless to ascend, descend and turn. Stability,

which is automatic, was controlled by gyroscopes, connected with auxiliary motors. In landing the machine, when about 10 feet above the ground righted itself and automatically shut off the motor. The motor again is automatically started and the plane taxied along the ground to its hangar. No human hand touched it during the flight.

U. S. EXPECTED TO TAKE LEADING PART IN AGREEMENT OVER RUHR

French Cabinet Rejects Berlin Reparations offer—
British Declare Document Was Clumsily
Written and Not Effective.

London, May 3.—An impression gained ground here today that the United States is going to be called upon to play an important part in the final settlement of the Ruhr and reparations problems. There is a prevalent feeling that the Ruhr issue eventually will be settled through the appointment of an international commission to determine the amount Germany can and must pay. This solution was proposed by Secretary of State Hughes.

George Harvey, American ambassador to England, who sailed for home today on the liner George Washington

made it plain that he expects Secretary Hughes proposals to be the eventual basis of settlement. Harvey set at rest reports he would remain in the United States by saying he will return to London.

It was learned from a semi-official source that British officials are hopeful the German offer may prove the forerunner of another. It is felt that the latest German note has not advanced the reparations problems any farther, towards an immediate settlement.

British officials say the document was clumsily written and arouses needless French and Belgian irritation. It is playing into the hands of the extremists.

Washington, May 3.—There is nothing in Germany's new reparations offer that calls for any change in the American policy of "friendly aloofness" toward the whole Franco-German controversy, it was stated in official quarters here today after hearing of Berlin's latest peace move.

The German offer already turned down in Paris, was delivered to the American government today by Dr. Otto Wiedfeldt, the German ambassador who called at the state department and conferred for some time with Secretary of State Hughes.

This government, it was explained, is still in the position of "waiting to be helpful" in the central European mess, but officials today professed to see no avenue of American aid opening up by the German proposals. The stumbling block to friendly action by the United States remains as it has always been—the obdurate attitude of the Poincare government.

Paris, May 3.—The French cabinet unanimously decided today that the German reparations proposals offering 30,000,000,000 gold marks, is not acceptable to France. Such action had been anticipated. A similar decision is expected by Belgium.

FOREST FIRES DESTROY MILLIONS OF DOLLARS WORTH OF TIMBER

Report of Senate Committee Declares 20,000 Conflagra-
tions Caused By Human Carelessness.

Washington, May 3.—Twenty thousand forest fires, which raged across a score of states, destroyed \$10,000,000 worth of standing timber in the last month, it was announced by Senator McNary, Republican of Oregon, chairman of the Senate Re-forestation Committee.

McNary declared government reports showed all the fires were caused by human carelessness. In many communities, he said, the destruction of forests would have a serious effect on water supplies during the coming summer. As a result of the widespread fire ravages this spring, McNary announced he would ask the next congress to appropriate \$5,000,000 as a special fund to provide federal forest patrols.

The present appropriation is only \$400,000.

The Senate committee will make an immediate inspection tour of forest conditions in the Middle West to view some of the forest fire losses at first hand. The committee will leave Washington next Sunday for a six day trip, visiting Detroit on May 7, Bay City, Michigan, May 12, Grand Rapids, Michigan, May 13, Chicago and vicin-

COURT ISSUES TO BE TAKEN OVER UNITED STATES

Political Circles Buzzing
Over Action Taken by
A. F. O. L.

Washington, May 3.—While President Harding has decided to let his world court fight simmer for a while, being hesitant about pushing it too hard until the country has time to think it over, it appeared certain today that the argument stirred up by the administration will go on within the Republican party and throughout the country.

In one state—California, where Senator Hiram Johnson is expected to lead an assault on the international court during the 1924 presidential campaign—a congressional election already has revolved around the court issue, and the candidate who upheld the views of Mr. Harding came out on top.

This is only the forerunner of other similar contests, according to reports reaching the capital, Republican and Democratic leaders agreeing that many political campaigns during the coming months will serve to arouse arguments on both sides and to clarify the issue.

Political circles here were buzzing today as the result of the headline plunge of the American Federation of Labor into the court fight. Although Samuel Gompers, veteran president of the federation, has long been recognized as a militant friend of the League of Nations he had refrained from giving public expression in the international court.

Now, however he is on record with the statement that American membership in the tribunal established by the league would be the "initial step that will inevitably lead to participation in all efforts to maintain peace between nations."

FORD DESIRES TO TAKE OFF TRAINS

Columbus, O., May 3.—Discontin- uance of two passenger trains operating between Springfield and Iron- ton, on the Detroit, Toledo and Iron- ton Railroad owned by Henry Ford is required in an application filed today with the State Utilities Com- mission.

The service of the discontinued trains, numbers 5 and 6 would be taken care of by running trains 1 and 2 through from Detroit to Iron- ton, instead of cutting them off at Bain- bridge, Ohio as at present, giving thorough service from Detroit to Iron- ton, the petition states.

The application has been assigned for hearing June 1.

GIANT AIRSHIP WINGS WAY WEST TOWARD GOAL AT SAN DIEGO

T-2 Carrying Lieutenants Macready and Kelly Reported
Flying Over Western Sections on Thursday
—Mother Confident.

Rockwell Field, San Diego, Cal., May 3.—With weather conditions throughout the southwest ideal for flying, army Lieutenants Macready and Kelly should arrive at Rockwell Field shortly after noon, aviation officers declared after receiving a report that the two fliers had passed Wickenburg, Arizona, a distance of but 300 miles.

After crossing the Imperial Valley, the average of 100 miles an hour is expected to be reduced somewhat because of coast winds which will meet the giant plane head-on.

Kansas City, Mo., May 3.—The powerful monoplane T-2, in which Lieutenants John A. Macready and Oakley G. Kelly are attempting a non-stop flight from New York to San Diego, California, is winging its way in a west by southern direction this morning and is believed to be somewhere between here and the Rock Mountains.

Traveling at high speed a monoplane passed over the Missouri River, a few miles south of Atchison, Kansas, at 11:05 o'clock last night and observers were sure it was the T-2. Earlier in the evening the T-2 was sighted at St. Louis.

The exact whereabouts of the monoplane could not be determined early today. People in cities and towns along the route were keeping a watch for the intrepid aviators.

The route which the aviators had mapped out for themselves would take them over Woodward, Oklahoma, Tucuman, New Mexico, St. John's Arizona, and across the Rockies to Phoenix. From there they will go in an air line to San Diego.

The fliers left Roosevelt Field at 1:37 o'clock yesterday afternoon. At their present rate of speed, if they don't meet with a mishap they will reach San Diego this afternoon.

Texhoma, Okla., May 3.—A large airplane, believed to have been the T-2 was heard passing over this town before dawn this morning, according to Santa Fe railroad employees.

The big ship may have been a scout plane from post field, Fort Sill, Okla.

SHOTS ROUT RUM FLEET OFF COAST

New York, May 3.—Two shots from the revenue cutter Seneca of the "dry navy" round the rum fleet, it was reported today from official sources. The Seneca brought its four pounder into action while pursuing two rum runners and fired the warning shots across their bows when they did not draw up. As a result of the skirmish the rum vessels have put to sea.

The battle of "rum row" was witnessed by the whiskey bearing boats in the vicinity. As a result of the show of arms, revenue officials reported the rum fleets the flagship Istar, a British schooner and former yacht of a New York millionaire pulled anchor and ran away.

The British tanker Warszawa and another large vessel trailed the retiring Istar along with a number of smaller craft of the armada.

The two small boats the Seneca shot at surrendered but was allowed to proceed when it was found they had no liquor aboard.

Prohibition Director Palmer Canfield planned to proceed against the rum fleet by air. This afternoon he went to Mitchell Field with Assistant United States District Attorney Cashin and Cohen where two planes awaited to take them over the fleet's haunts beyond the three mile limit.

The flight was to test the value of airplanes in campaigning against rum runners, Canfield said.

BELIEVE KIDNAPERS ESCAPED INTO CANADA

Schenectady, N. Y., May 3.—Police were virtually convinced early today that the kidnapers of Verner Alexander, six year old son of Ernest F. W. Alexander, noted radio engineer, escaped into Canada, with the child.

Word received from Detective Van Deusen, who went to Ogdensburg last night is that he believes he is on the trail of the kidnaper.

Van Deusen rushed to the northern part of the state after the police had learned that an automobile bearing a license plate issued to an Ogdensburg man, and carrying two men and a boy, had been seen near Gloversville several hours after the kidnaping.

INVENTOR DIES

Cincinnati, May 3.—Walter S. Ludlow, 83, inventor and manufacturer of an automatic fire alarm system in use in numerous American cities, died at a hospital here last night of the infirmities of age.

Los Angeles, Calif., May 3.—"I feel he'll make it and I feel sure that he is doing his best," said Mrs. Benjamin Macready at her home today as she waited for news from her son, Lieutenant John A. Macready, United States air force, who with Lieutenant Oakley G. Kelly is making his third attempt to fly across the United States without a stop.

"John is a good flyer," said his mother. "I would never go up with any other aviator," she smiled. "But I'd go anywhere with John. All he and Lieutenant Kelly will have to eat during the flight is soup and coffee from Thermos bottles. I wish I could have inspected the soup before they took off. But John doesn't need me, now, I am afraid. He seems to be quite able to take care of himself, from piloting his plane to inspecting his own soup."

U. S. DOES NOT PLAN SEIZURE OF RUM SHIPS

Foreign Liners Carrying
Liquor Into Ports Not
Molested

ENTER PARTLY "WET"

May Carry "Medicinal
Stocks" Treasury De-
partment Says

Washington, May 3.—Seizure of big foreign liners for carrying liquor into American ports in violation of the Volstead act is not contemplated by the government in preparing to enforce the Supreme Court's new three-mile decision, it was announced officially at the Treasury Department.

Vessels will not even be searched unless flagrant violations are suspected, officials said, but if liquor is found, it will be confiscated by prohibition and custom officers.

Foreign ships will be allowed to enter American ports after June 10 partly "wet," despite the Supreme Court's decision.

Treasury regulations now being drafted by the enforcement of the court's decision will allow foreign vessels to have abundant medical liquor stocks. Ship surgeons will be permitted to determine how much will be required to meet normal needs during the voyage.

Washington, May 3.—The state department advised foreign governments that on and after June 10 their ships must come within American waters without any liquor aboard.

It was made clear at the same time that there is no treaty in existence which gives to any foreign power the right to question the decision of the supreme court, which prohibits liquor on all vessels when in territorial waters in the United States. The sweeping ruling carried with it the declaration that the law will be strictly enforced until such time as congress sees fit to make changes in the Volstead act.

While temporary regulations were being drawn up, the treasury department ordered the coast guard service to take to sea and build a wall around the rum fleet that will make it impossible for them to smuggle in liquor. These hardy craft already are concentrating around New York and the Jersey coast. Trained and seasoned in any kind of sea duty the occasion may call for, they are to stand by the rum fleet in an attitude of watchful waiting. Any craft establishing a contact with a rum runner will be stopped as it crosses the dry line by the cutters, which will keep the fleet under the glare of searchlights in an effort to break up night as well as day smuggling.

Captain W. E. Reynolds, commandant of the coast guards, held a long conference with treasury officials to set his final orders. He said he believed his vessels could so completely surround the liquor fleet that contact with the shore would be impossible and that they will shortly go out of business.

The state department let it be known that there is no cause for worry over any protest which any foreign power, particularly the British, may make. It was pointed out that a protest can not be made unless some treaty has been violated by the highest court in the United States. It was said that a careful search of the archives of the department failed to reveal any such document.

LIVES ARE SAVED BY USE OF INSULIN DOCTORS TESTIFY

Newest Aid is Not Cure
But Only a Palliative
They Declare

Columbus, May 3.—The use of insulin, the newest aid of medical science to diabetes sufferers, has saved the lives of at least 12 persons in Columbus since the first of the year, according to physicians who are using the preparation.

Five of the patients had lapsed into a state of coma, formerly regarded as a sign of approaching death. The other seven were in such condition that the physicians who attended them feel that their lives could not have been saved by methods available before the discovery of insulin.

Dr. Charles W. McGavran, Dr. E. J. Gordon, Dr. H. M. Brundage and Dr. H. B. Blakey are the Columbus physicians now using the newest help for diabetes. That it is not a cure but only a palliative is a point upon which the physicians place particular stress. As insulin is merely a substitute, replacing functions of the pancreas, destroyed by disease, rather than building up the destroyed organ, it is not a cure, but only a palliative, the physicians state.

SOVIET REVOLUTION DEFENDED BY U. S. PREACHER IN RUSSIA

Moscow, May 3.—Bishop Edgar Blake, who said he spoke for the Methodists of the United States, created a sensation today when he defended the soviet revolution in a speech before the all-Russian ecclesiastical council of the Living Church.

This is the branch of the church which supports the soviet. "I bring greetings from the Methodists of America," said Bishop Blake. "These distressing days are witnessing one of the most remarkable upheavals in history. But I do not share the fears that civilization is doomed. Revolutionary upheavals do not bring death but larger life inspired by God. It is folly for the church to pronounce anathema against any who are seeking new truth."

"The church must seek the 'Great Adventure' of free investigation. A church's right to exist is only to serve the people. Only a few challenge the right of the church to exist."

"A great struggle is in progress to abolish oppression. "Those who have been oppressed and exploited must be given a chance at the best things in life. In this struggle the church cannot stand aloof. Russia is passing through a great social and economic experiment. For the first time in history a great nation and a great people are dedicating themselves to the service of mankind. But unless God assists, how can this movement succeed? Doubtless things have been done in Russia which should not have been done. Also things were not done which should not have been done. The churches should join hands with any government that is trying to raise the masses to the places God intended they should be."

KELLOGG'S BRAN gives permanent relief because it is ALL BRAN!

With the most dangerous diseases close on the trail of sufferers from constipation, there's no time to waste on foods with a low bran content! The one answer to constipation is BRAN that is ALL BRAN! That's why you should eat Kellogg's—and eat it regularly; at least two tablespoonfuls daily; as much with each meal in chronic cases! KELLOGG'S BRAN IS SCIENTIFICALLY PREPARED TO RELIEVE SUFFERING HUMANITY AS NO OTHER FOOD CAN!

Don't delay a minute! Get started on Kellogg's Bran to-day and your health will steadily improve and bowel conditions return to normal, no matter how long you have suffered with constipation, mild or chronic.

Remember that Kellogg's Bran is not an artificial laxative, but nature's own bulk food that acts as sweeper, cleanser and purifier. Its work for health is wonderful! Besides, bran contains the most valuable mineral salts and other life-sustaining elements—it is a blood maker and bone and tissue-builder!

Kellogg's Bran, being cooked and krumbled, is delicious eaten as a cereal, or sprinkled on hot or cold cereals. Another happy way to serve Kellogg's Bran is to cook it with your favorite hot cereal. In preparation, add two tablespoonfuls of bran for each person, cooking the cereal as usual.

You can make the most delightful muffins, raisin bread, pancakes, macaroons, etc., with Kellogg's Bran—and it's fine in gravies, soups and purees.

The big thing is to get started on Kellogg's Bran quickly—for the sake of the health of your entire family—AND SERVE IT REGULARLY! First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant!

All grocers sell Kellogg's Bran.

LAW INSTITUTE GETS \$1,075,000 TO AID ITS WORK.

The American Law Institute, which has undertaken the momentous task of restating the entire body of the common law, has received a gift of \$1,075,000 from the Carnegie Corporation, payable over a period of ten years.

William Draper Lewis, a professor of the Law School of the University of Pennsylvania, has announced the gift, the first large fund created to finance the program of the institute.

Dr. Lewis has been chosen director of the institute, Elihu Root is honorary president of the organization, George W. Wickersham, president. Many of the leading lawyers and Judges of the Nation are members.

In announcing the Carnegie donation, Dr. Lewis made the following explanation of how the fund will be applied:

"The object of the institute is to promote the clarification and simplification of the law and its better adaptation to the needs of life. While the need for the work which the institute is to do has been recognized for a long time, the institute itself is a new organization.

"Last May, thirty of the foremost lawyers of the country, under the leadership of Elihu Root, formed a committee to investigate the causes of the law's uncertainties and unnecessary complications and the possibility of establishing a permanent organization to fulfill the public obligation of the profession to promote the administration of justice—especially the clarity and simplicity of the law. After months of research and discussion the committee issued a statement or report in which they urged the establishment of a law institute, the first and most important work of the institute to be the restatement of the law.

"On February 23rd last, this report and its recommendations were considered in Washington at the most notable gathering of the members of the legal profession ever held in this country.

"The Washington meeting created and directed the incorporation of The American Law Institute to which this gift of over a million dollars has just been made. As indicated, the money will be expended on what is termed the restatement of the law. The average person thinks Congress and the State Legislatures as the only sources of law. But apart from statute law there is in fact a great body of what is known as customary or common law.

"This common law has been created and is being developed by the decisions of the courts. Its principles, not having the rigidity of a statute, may be modified by the courts to meet new conditions as they arise. Within limits this mobility makes for justice in the individual case. For many years, however, there has been increasing uncertainty as to what the law is."

LODGE STAND SEEN AS PERIL TO COURT.

There is more concern in Administration circles over the inferential hostility of Senator Lodge to the President's World Court proposal than in all the militancy of the Senate irreconcilables.

Should the veteran party leader carry to a conclusion the threat of "defeat by indirection" embodied in his letter to Governor Hyde, of Missouri, he would have a very much more formidable following than the musketeers of the once-proud Battalion of Death could summon to the colors.

The irreconcilables are unable to count more than eighteen faithfuls to vote against acceptance of the Harding proposal. Those who know Mr. Lodge's following in the Senate can add several important names almost certain to be found on his side of the line in any fight for "safeguarding reservations." Add to those such Republicans as could be swayed by Senator "Jim" Watson, of Indiana, and the prospect becomes serious for the White House should the acceptance or rejection of the Lodge reservations be the issue.

And only slightly less significant to officials who acknowledge a menace in Mr. Lodge's statement was his designation of the court as "the League Court," despite the extended public arguments of the President and Secretary Hughes to convince the American people that The Hague institution was not a handmaiden to the League.

Democratic attempts to interpret the Lodge letter as a "straddle" on the court issue were dismissed as being unjustified by his language. It was the more accepted view that, reduced to simple terms, Mr. Lodge, finding fault with some features of the President's proposal, gave notice that "safeguarding" reservations were to be attached by the Senate and that the Senate could not be expected to take the Hughes reservations as sufficiently strong or numerous to be satisfactory.

LORD ROBERT'S ERRAND ENDED.

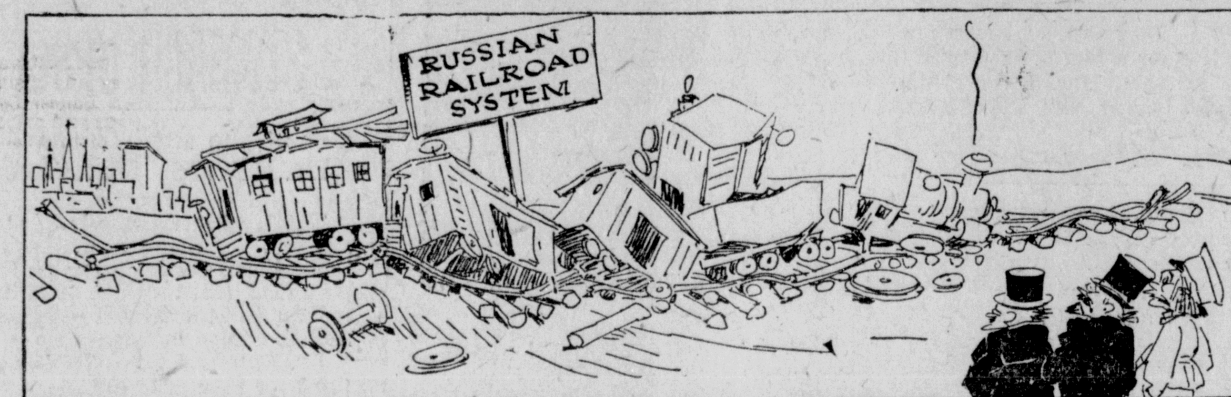

If Lord Robert Cecil has taken back with him to London as pleasant impressions of the United States as he has left behind him, a new tie will be added to the unity of the English-speaking nations. For his appearances and utterances in America have been marked by notable tact and a truly disarming diplomacy. If there had been any real antagonism to him or his errand, his manner would have gone far toward allaying it. But as a matter of fact, there was no such antagonism. His meetings have been crowded with auditors, not all of whom believed in the League which he advocated, but who were eager to give a respectful hearing to his arguments. If there was a steady malicious snarl in a group of professionally anti-British newspapers throughout the United States, that was merely to have been expected, reflected nothing but the eccentric policy of their owner. Recently they were unable to shake Lord Robert's equanimity, more than did the diatribe launched by a Pittsburgh Congressman who seemed to think that the League of Nations was established for the promotion and extension of the opium traffic.

The whole tone of Lord Robert's series of arguments in the United States was summed up in a phrase used in his Boston speech: "The doctrine of love applies to nations as well as to men. It is not possible to have any compromise between the gospel of hate and the gospel of love. I believe it may well be said again that 'except ye repent, ye shall all likewise perish.'"

AFTER BABY COMES

Not very long ago I wrote a few chats on beauty treatments during the coming of a baby. Several young mothers have written and asked me what to do after the baby comes to improve their appearance. As I said before, the birth of a child need never take away from a woman's beauty; if she takes care of herself properly it should only enhance her beauty.

But please note that I said: "If she takes care of herself properly." The first thing is to stay in bed long enough afterwards; three weeks before she ventures to sit up in her room, five before she attempts much activity, six before she goes back to normal exertions. There are, of course, many unusually healthy women who do not need so much rest, and there are many unfortunate women who cannot afford it. There are also, unfortunately, many doctors and maternity nurses who say their patients are "very bright" and clever if they get up early and who encourage them to do so—it being less work for the nurse and doctor. But the logic of the six weeks' rest is proved by the well-known fact that it takes six weeks and sometimes more for all those abdominal organs to return to normal size and position.

Even if she has not worn corsets before, it will be necessary now to wear them for some months. All those muscles have been stretched and are now lax and must be supported until they are strong enough to support themselves. Meantime she must take exercises—that is, standing with hands on the hips, spine straight, bending forward as much as possible a dozen times, then bending sideways a dozen times—are excellent for restoring the waistline to its normal size; while lying on the floor with the feet supported and rising to a sitting position will strengthen the abdomen and make it flat again. Outdoor games and swimming are also advisable.

Merchandise worth a million dollars is to be exhibited under arrangements already made.

DON'T GET UP NIGHTS FOR BLADDER ILLS

Dayton Man Reports Relief With Simple Remedy After Getting Up 15 or 20 Times Each Night for Two Years

Mr. Julius Mayers, 1430 East Fifth St., says in his own home paper, the Dayton News: "For two years by bladder trouble I was kept up many times at night and too frequent in the day. After taking a few doses of Lithiated Buchu (Keller formula), my bladder works perfectly normal and I can sleep all night."

Lithiated Buchu (Keller formula) acts on the kidneys and bladder as Epson Salts do on the bowels. You will be surprised at the impurities which come from the bladder after taking a few doses of Lithiated Buchu (Keller formula). It is not a patent medicine, as the formula is on the package. The tablets cost 25 each. This price makes it possible to place in the formula several high-priced drugs, which are useful to give relief. It is not likely that you have ever taken a remedy similar to this, containing so many of the best ingredients, and so useful to give relief.

You can see the formula and learn more about Lithiated Buchu (Keller formula) at all drug stores everywhere, or write The Keller Laboratory, Mechanicburg, Ohio.

Today's Talk

We are ruled and governed largely by the mass—crowds, collected thought, public opinion.

And yet it is almost through our individual separateness of thought and action that we rise and go forward.

We can agree and the crowd will let us keep step with it—its approvals touching ours. But if we would clothe a new idea or desire to express something of our true and honest feeling, it is often necessary for us to take a separate path, and sometimes a very rough and untrodden one.

And in the end, this here-and-now existence may mean the cross—but even that will not matter so much, for he who aspires to greatness never figures out the cost in advance.

It isn't pleasant to walk the lonely road, to feel an individual separateness. But it has compensations that loom like mountain peaks crowned with their whitened snows.

Take the picture of the fall of the leaves during Autumn time. Each leaf finally falls alone, separate and distinct as a factor in nature, though only after an association of months together with an entire tree of leaves beautified by summer rains and sun.

You pick up one of these fallen treasures with its gorgeous colorings. You stoop for another—and another. And no two can you find that are exactly alike. Each has lived its own individual separateness, though massed with the whole.

We may aspire. We may reach. The good God will put things in our way so that we may take hold upon them and thus be helped and guided. But it shall ever remain to the man himself, to the personality itself, really to pilot its separate career.

Life is set with choices. We select those into which we may best fit. And then it is our privilege to help make the world better and happier.

FRIDAY IS CIRCUS DAY IN XENIA AS SHOW OPENS SEASON

Friday will be circus day in Xenia, and it will be Xenia's own circus at that.

The Davidson Brothers Show, which has been wintering at the Fairgrounds all winter, while new equipment was prepared and new animals trained, will open a two-day engagement here Friday.

The Davidson Show, a tent show of the small circus type, will spread its tents in the Dadds Addition, at Detroit and Church streets, for the opening performance Friday afternoon. Children of the O. S. and S. O. and the County Homes will be guests of the management at the initial performance.

Many animals trained at the Fairgrounds this winter by J. E. Bone, local animal trainer, will make their debut before a circus crowd Friday. These include a school of ponies and a number of performing dogs. They will be presented to a clamoring mob of circus fans for the first time Friday afternoon and night and as much depends upon their manners at the premier, they are being carefully schooled for the debut.

The Davidson Show will also play here Saturday afternoon and night. Dr. J. S. Davidson, has spent the winter here while taking care of the animals at the Fairgrounds and some time ago delivered an address before the Xenia Kiwanis Club at which time he introduced "Patty Arbuckle," a high school canine and wire walker.

All new equipment, including new trucks and cages have been obtained while the circus was wintering here and a number of new aerial acts were signed to appear with the Company this season. If the Davidson Show meets with success on its premier and in other towns to be played on leaving Xenia, the Shows will winter here annually.

C. OF C. FURNITURE IS BEING SOLD

Furniture and other equipment of the defunct Xenia Chamber of Commerce is rapidly being sold.

The furniture has been moved to the vacant room on East Main Street formerly occupied by the Witham Grocery, where it is on display. Much of it has been sold including the piano which was purchased by the Presbyterian Church.

Directors of the abandoned organization are selling the furniture and equipment to raise money to pay off the debt which piled up against the Chamber before its final dissolution.

Facts About Child-Birth

An eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the little one arrives!

Mrs. Wm. Washington, 197 Louisa Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without 'Mother's Friend' during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes childbirth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait until it is too late, and meanwhile write to Bradford Regulator Co., B.A.-47, Atlanta, Ga., for a free wonderful book containing information every expectant mother should have. Get a bottle of "Mother's Friend" today. It is sold by all druggists—everywhere.

time met favor with German industrialists.

General Allen was in command of the last American soldiers to leave Germany. He retired recently. This was his first speech since retirement.

America can no longer remain out of world affairs, General Allen said. Her great industries required raw materials from all parts of the world and happenings anywhere that affected the life or material interests of any considerable number of people

were matters of vital concern, he said.

OVERCOME BY SMOKE

Cleveland, May 3.—Three children and a woman, overcome by smoke, were carried to safety by police early today when fire broke out in the Chateau Maurice apartments in Prospect avenue. The night manager, who discovered the fire, aroused the 200 other occupants, who walked to the street. The blaze was extinguished with a loss of \$10,000.

ALLEGED AUTOMOBILE THIEF TO BE SENT TO REFORMATORY

James Scott, 23, of Peru, Indiana, wanted here for the theft of an automobile belonging to Roy Buckles April 18, escaped from the Mansfield Reformatory April 5, and will be returned to that institution before he can be brought here, according to Chief of Police M. E. Graham.

Chief Graham has received a card with this information from Chief of Police French, of Columbus, where Scott was under arrest. He will be turned over to Field Officer Crow of the Mansfield institution Friday and taken there to serve the remainder of his time. The warrant for his arrest for auto theft sent to Columbus by Chief Graham will be turned over to Mansfield authorities and placed on file there so that Xenia Police can be notified when Scott's time is up.

The arrest of Scott, who also goes under the alias of James Thompson, in Columbus recently, calls to mind the murder of Scott's father by Bob Hosier in a woods near Xenia five or six years ago. At that time Scott and his son were living in a cabin engaged in clearing a section of the woods, and Hosier's mother was keeping house for them.

Hosier went to the house one day and in an argument with Scott Sr. shot him with a shot gun, it is said. He was tried for the shooting but escaped punishment.

Scott Jr., left this country shortly after and when arrested in Columbus gave his address as Peru, Ind. He had been sent to the Reformatory from Fayette County for stealing chickens, it is understood, and escaped from the institution April 5. Police say Scott then came here and stole the Ford touring car belonging to Buckles from in front of the Bijou Theater on Green Street on the night of April 18, driving it to Columbus.

Scott's apprehension by Columbus police followed a shooting in which Asa Davis, 82, another former Xenian and alleged police character shot Scott in an argument in which the octogenarian charged the younger man with robbing him. Scott was taken to Mercy Hospital with a bullet wound in his lung. The bullet lodged near his spine and his condition was critical for a time, Davis was arrested charged with the shooting and the automobile the men had been using was confiscated. By tracing the license number Columbus Police learned the tag was issued to Buckles and notified Xenia Police who forwarded a warrant for Scott's arrest on a charge of stealing the automobile. Buckles recovered his machine which was in good condition.

Federal Coal Control Called "Paternalism"

By Columbus Lawyer

Columbus, Ohio, April 18.—It would be "paternalism in its worst form" if the Federal Government attempted to fix prices and control distribution of coal, asserted Attorney J. V. Norman, of Louisville, Ky., addressing the Columbus Chamber of Commerce Forum.

The public would be deprived of the benefit of unrestricted competition in the event that the National Coal Commission determined upon means for limiting the capacity of coal mines and the number of miners employed Attorney Norman said.

U. S. Writ Saves Girl From Deportation.

Esther Kaplan

Esther Kaplan, who arrived in New York in 1914, was taken by Federal authorities to Ellis Island immigration station, New York Harbor, to be deported to Russia on the grounds that she was of inferior mentality. Her mother and father were permitted to remain in America, and the girl faced life, without friends, in Europe. Congressman Samuel Dickstein interested himself in the case and secured a writ of habeas corpus from United States Judge Julian Mack, arriving with it just before the girl was to have been placed on the liner Bayern for deportation. Her mother, Mrs. Dora Kaplan, fainted from joy.

Girl Would Be Rid of Vascillating Husband

Omaha, Neb., April 18.—Mrs. Irma Simmons, bobbed-haired blue-eyed and 19, seeks a divorce from Cecil P. Simmons, 22, declaring she is tired of supporting him while he went to school.

Irma eloped with Cecil, but he wanted her to work for \$18 a week and support him in college while preparing for the ministry. He later changed his mind and decided to become a doctor. Then he planned to rest a time before definitely selecting a worthy line of work, Irma, however, finally rebelled and refused to support him any longer.

Cecil is now working in the Union Pacific shops in Omaha.

HOW I RELIEVED MY CATARRH

For years she had been troubled with catarrh of the head, as only folks who have catarrh can realize. After trying everything without success she finally got a prescription for "Denta Caps."

This she used to make a nasal douche, and it gave her such remarkable relief that she will no longer be with out it.

Denta Caps is widely used because of its unusual power to help destroy the germs that cause infections of nose and throat and mouth. It should be used daily, not only to relieve such conditions, but also to help PREVENT the millions of disease germs that daily hide in the crevices of mouth and throat from attacking the body with some ravaging disease, such as flu, tonsillitis, fevers. Get Denta Caps from your druggist today.

Pleurisy, nasal catarrh and other affections of nose, mouth and throat have been corrected by Denta Caps in many cases. As a prophylactic and deodorant Denta Caps enjoy a wide use. DENTA CAPS, INC., 305 East 46th Street, N. Y. C.

DESCRIBES ARMY BILL IN ADDRESS AT KIWANIS CLUB

That the present situation of the United States Army is unsatisfactory and that the people will have to either abandon entirely or carry through the plan of the last Congress concerning the constitution of the army, is the belief of E. S. Tallafiero, production manager of the Hooven and Allison Company, a captain in the Officers' Reserve Corps, expressed in an address before members of the Ki-

wanis Club, at the Elks' lodge Wednesday night.

Mr. Tallafiero outlined the bill passed by the last Congress, which designated the army as consisting of three divisions, first, the regular army, second, the Officers' Reserve Corps, and third, the National Guard. The regular army, according to the recent law, Mr. Tallafiero said, will, in case of emergency be sent into the field as one unit, departing from the old method of dividing the army into divisions of four. He advocated the policy of leaving the army intact.

In accordance with the new bill, the National Guard, would recruit, and go into action as a unit, with its recruits. The Reserve Corps, would be largely recruited, in case of emergency.

The committee in charge of the meeting, headed by A. H. Dyer, presented T. H. Zell, the last member at the meeting with an alarm clock

Mr. Dann, a visiting Kiwanian from Mansfield, Ohio, gave a short talk before the club, concerning the Mansfield Kiwanis Club.

REPARATIONS CUT AIDS BULGARIANS

Sofia, April 18.—Bulgaria financial and industrial outlook has been considerably brightened as the result of an agreement on reparations between the Allied Reparations Commission and the Bulgarian government.

The effect of the agreement has been to greatly reduce the total amount of reparations Bulgaria must pay, coupled with an adjustment of terms that is regarded as highly ben-

eficial to Bulgaria. The agreement generally has met with approval throughout the country.

By the terms of the peace treaty a war indemnity of 2,225,000,000 gold francs was imposed upon Bulgaria. Since the population of the country is largely agrarian and there are few industrial establishments of outstanding importance the Bulgarian Government felt that this reparations burden was excessive.

Accordingly representations were made to the reparations commission and Sir Elliot Colvin headed a delegation which came to Bulgaria for a personal investigation of Bulgaria's ability to pay. The result was a rather remarkable scaling down of the total indemnity.

Under the agreement now concluded the total reparations Bulgaria will pay has been fixed at 500,000,000 gold francs. This total must be paid over

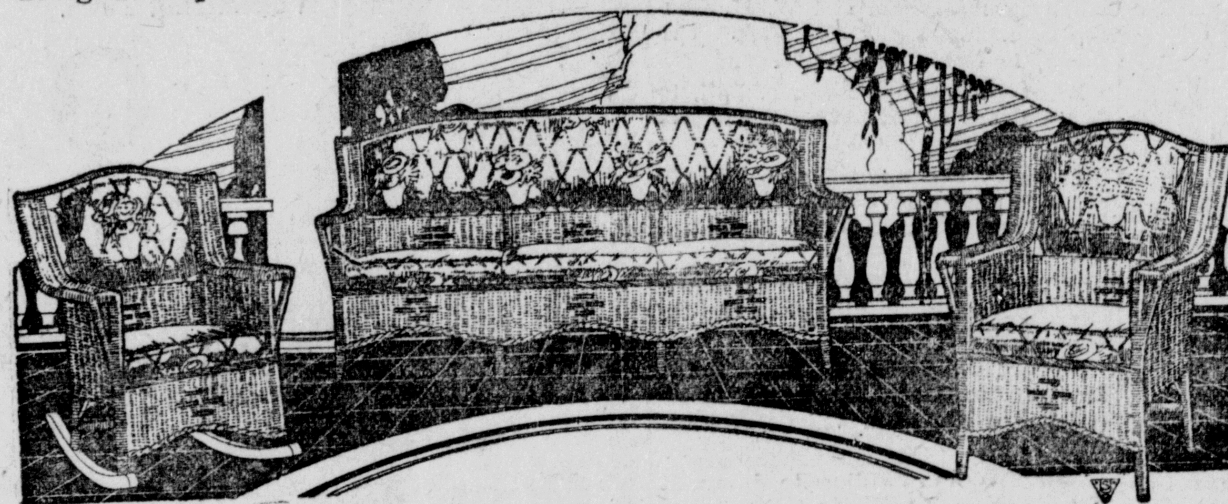

a period of sixty years. For the first ten years of that term no interest is to be paid, but after ten years interest is to be assessed at 5 per cent.

Commutation of the agreement has resulted in the strengthening of the position of Premier Alexander Stambolisky. Announcement of the agreement was followed almost immediately by a rise in the exchange rate of the Bulgarian lev. Other economic advantages are anticipated which will be of great benefit not only to Bulgaria but to other Balkan states.

Washington, May 2.—Everett Scott, star shortstop of the Yankee team, played his 1,000th consecutive game yesterday. He was presented with a gold medal, emblematic of his 1,000-game record. Walter Johnson, veteran twirler, let the hard hitting Yankees down with three hits.

FINALLY PERSUADED TO SELL JEFFERSON'S HOME

Monticello

Ex-Congressman Jefferson M. Levy, of New York, in whose family Monticello, the famous Virginia home of Thomas Jefferson, author of the Declaration of Independence, has held for several generations, has finally consented to sell the home to the people of the State of Virginia for \$1,000,000. It will be turned into a public memorial, a Mount Vernon, the home of Washington. Mr. Levy has held the homestead, which bankrupted Jefferson and left him to die almost in poverty, in almost sacred regard and has lavished hundreds of thousands of dollars on it to keep it in perfect condition.

EVERGLADES TRAIL BLAZERS SAVED BY AIRPLANES

Camp in Everglades Fed by airplane

Hewing their way through almost impenetrable cypress forests and swamps, plowing through soft mud and being hauled by a tractor, a party of 25 men and women, in seven automobiles, recently attempted to blaze a trail through the hitherto unexplored

Everglades of Florida, to connect Tampa and Miami. Deserted by their superstitious Seminole guides, the party was in dire straits for days, unable to advance or retreat, and without food or water. Finally three of the explorers broke through on foot and told their pitiful story. Air-

planes loaded with food, found them 40 miles from Miami, while other airplanes provided them with gasoline and other supplies and they finally made their way through. All had to go to hospitals, suffering from exhaustion and from mosquito and chigger bites.

BLESS BEARD OF TURKISH SULTAN

Turkish Sultan

"By the beard of the Prophet" is a saying as old as the custom of blessing the beard of Sultan of Turkey, who is head of the Mohammedan Church. The new Sultan having raised a beard of proper and authorized length to

the Selamlık, where the said beard received holy blessings during divine services. The ceremony is part of an ancient custom and is marked by simple yet impressive rites. The Sultan, on horseback, is shown leaving the temple.

WOULD BOYCOTT GREAT BR

Mrs. Muriel MacSwiney, widow of the late Lord Mayor of Cork, has starved herself to death in Irish prison told 5,000 sympathizers in Boston, (Massachusetts) that the Irish Republicans triumph over the Free State. The meeting held to commemorate the seventh anniversary of the so-called Irish Boy 1916, cheered when she declared a boycott on all English goods.

VACANCIES TO FILLED-SENATE CHANGES COMING

ington, May 3.—Charles N. Secretary of commerce in the administration, came from St. Louis as a representative of Missouri to urge Republican senators to get into the fight against the stration's world court plan. He announced that Republicans state are more opposed to the than they were to the league. Senator Borah to discuss the proposal before a meeting of Louis business men to be held

for Harreld, Republican of Okla., announced that he was about to leave the ranks of the irreconcilables against the court plan. He is going on a trip to Europe, on which he will be accompanied by a former senator who can speak seven languages and through whom he expects to learn all about the court.

Organization of the foreign re-committee in order to insure a reliable majority against the proposal is under way. Efforts are being made to capture the committee already have the fire of the Wilson Democrats of whom have learned that Senator "Jim" Reed of Missouri selected for one of the three

vacancies. Three Republican places also are to be filled, and it is charged that Senator Lodge is availing to have all places taken by opponents of the court.

Secretary Nagel declared Missouri is thoroughly hostile to the world court proposal. He said: "I am unwilling to admit that any role could be traced back to the Versailles treaty." He said 16 places on the foreign re-committee five now are held by Brandegee, Johnson, Moses McCormick, all irreconcilables. Chairman Lodge opposing the and Wadsworth of New York is supporting him, there would be votes in a bloc to modify the court proposal. The vote Democrat, Shields of Tennessee, would raise the number to eight, but a majority. But with 16 places to be filled on the Re- side and three on the Demo- side, it would require a small of maneuvering on the part of the court to obtain working majority to vote it on every issue.

Rube Hall Making Good

Rube Hall who pitched a practice game for the Xenia Bayliffs recently traveled to Greensburg, Indiana, Sunday and pitched for the Greensburg Eagles. Hall won the game by a 6 to 3 count setting the Broad Ripple team of Indianapolis down with four scattered hits. Hall struck out 12 and walked four.

The Greensburg Daily News says "Hall pitched a nice game. He has speed and lots of nice curves. In only one inning did the Indianapolis bunch get more than one hit and from the fifth inning on the Rube was invincible. Hall's pitching and the Eagles fielding were the main feature of the game."

Hall will go back to Greensburg, next Sunday when the Eagles play the Keystones of Indianapolis. It is too bad that the Rube did not get to twirl for the Bayliffs this season as he is a nice piece of baseball machinery.

SWEETSER OFF GAME

Sandwich, England, May 3.—In a fit of temperment, brought on by his indifferent playing, Jesse W. Sweetser, amateur golf champion of Amer-

ica, today tore up his card for the final 18 holes of the St. George's challenge cup tourney and declined to divulge his score to anyone. It was an outburst comparable only with those occasionally indulged in by Bobby Jones, another American golfer.

Sweetser was miles off in his game in the present tournament and try as he might, could not seem to regain his touch as golfers call it. He had an 81 for 18 holes yesterday, lacking control in and around the greens where his usual accuracy failed him. Just what his total was today can only be imagined.

The low score of the early starters was furnished by Francis Ouimet, the American with a total of 152. Ouimet's golf was sound from tee to pin. Dr. O. F. Willing of Portland, Oregon, who topped the field on the first day with a 74, turned in a 79 today for a total of 153 tying Ouimet for the lead.

BAYLIFFS TO PLAY BOWERSVILLE

By WONES.

The Xenia Bayliffs will play the Bowersville nine at Washington Park Sunday. The Bayliffs played this aggregation a practice game earlier in the season and succeeded in handing them a 5 to 0 defeat at that time the Bowersville gang did not have its regular lineup.

The Bayliffs were handed the short end of a 8 to 0 score last Sunday at the local field by the Springfield Athletics. The Bayliffs need not be discouraged in the showing that they made because they were up against a high class semi-pro ball team. Several of the visiting players were old timers who at one time played in the Central League when Springfield was represented. With this kind of baseballers as a nucleus the Athletics presented a real combination and one that will give the best of the semi-pro clubs a battle.

Wical, who hails from Paintersville, will do the twirling for the Bowersville nine and he is promising to hand the Bayliffs a shutout. Wical has a Kitty League experience which has no doubt helped him out a bit but anyway he had better be prepared to meet the local nine Sunday because Roy Bayliff and his crew are out for revenge and they intend on taking this game.

Bayliff has not made the pitching selection for his team Sunday but no doubt "Willie" McDonnell who twirled part of last Sunday's contest will be in the box. McDonnell put up a nice game on the mound for the locals and only two runs were scored off him. If he had started the game against the Athletics last week there might have been a different story to tell.

About the same players who took part in the game with the Springfield bunch will be on hand again for this Sunday's tilt with the Bowersville team. Tucker will be on first, Weider at the middle station, Early or Bowyer at short and Furnas at third. F. Leahey, Fuller and Schwab will more than likely be in the gardens. Randall, E. Leahey, and other athletes will be on hand, Bain will do the receiving.

The game will get under way at 2:30 o'clock with Rachford and Davis in charge. The price of admission will be 35 cents for adults while children under 12 will be admitted for 10 cents. Manager Bayliff wants players to be at Washington Park for practice Thursday afternoon at five o'clock and Sunday morning at nine o'clock.

MUCH MONEY PAID FOR LEMONS

New York, May 3.—It may be a bit early for morning glories the present season being a particularly backward one but there are indications that the human crop in the major leagues at

least, is not only expensive but large. Perhaps after all this will be the last year of extravagant minor league promises as John McGraw and other smart baseball men are prone to believe.

McGraw most certainly will not be a party to an orgy of spending, unless Jimmy O'Connell and Jack Bentley soon begin to resemble major league ball players, something they have contrived to avoid since the opening of the season. Bentley, who is said to have cost \$65,000 has failed to last five innings in two starts and either Stengel or Cunningham is destined to replace him.

These cases are typical of the star minor league performances, with a few isolated exceptions. Tris Speaker went into rhapsodies over Walter Lutzke his \$30,000 third basemen. Lutzke isn't hitting and doesn't look as though he will. Myatt, the \$50,000 catcher, hasn't made Speaker forget that Steve O'Neill is a member of the ball club.

The Phils claimed they paid \$40,000 for Heinie Sand, but to date he has played like a schoolboy. He kicks one or two of them around nearly every day, generally in the pinches. Sam Hale, the alleged \$75,000 third baseman of the Athletics hasn't a chance to show, owing to injuries but Boehler and Kunz, high priced Pirate pitchers

have faced plenty of opportunities and yielded many base hits.

Willie Kamm, the most costly of the lot, has done well enough for the White Sox and probably will do better. His hitting hasn't been impressive but Kamm is expected to live that down. He looks the part of a hitter. So does O'Connell and as a matter of fact, Bentley looks like a pitcher. He got a very late start in the south and may come along subsequently.

However, the rank fallacy of paying good money for bad ball players is apparent when the list of those who have come up in the last ten years to make good, without ballyhoo or price tag is considered. The list, while a lengthy one by no means is conclusive.

However, these few examples will serve as apt illustrations:

Frisch, Young, Bancroft, Kelly and Emil Meusel, Giants; Rogers Hornsby, Cardinals; Fonseca and Pinelli, Reds; Grimm, Bigbee and Schmidt, Pirates; Curt Walker, and Henline, Phillies; Ford, Braves; Hollocher, Cubs; Sewell, Jamieson, Indians; Sisler and Ken Williams, Browns; Ward, Bob Meusel and Dugan, Yankees; Pilette, Rigney and Bassler, Tigers; Galloway, Rommel and Perkins, Athletics; Falk, Mostil and the banished Dick Kerr of the White Sox.

MAKE EFFORTS TO OBTAIN RELEASE OF MODERN

JEAN VAL JEAN FROM STATE PENITENTIARY

Norfolk, Va., May 3.—Efforts to obtain the release of Kenneth F. Thomas, a modern Jean Val Jean, from the Virginia State Penitentiary, where he is finishing out a five year term after his conviction for bigamy in Norfolk in the spring of 1918 were under way here today by his sister and others interested in his welfare.

A few weeks after his commitment to the state prison in 1918 Thomas escaped from the lime grinding plant near Staunton, where he and other prisoners were at work. He joined the British air forces in France, and

after the release of Kenneth F. Thomas, a modern Jean Val Jean, from the Virginia State Penitentiary, where he is finishing out a five year term after his conviction for bigamy in Norfolk in the spring of 1918 were under way here today by his sister and others interested in his welfare.

A few days ago, Thomas returned from Canada where he had been in an army hospital for fifteen months and surrendered to the penitentiary officials.

Trial Judge Hancel, who sentenced him in corporation court in Norfolk and Judge Shackelford, who was then prosecutor, with the young man, they assured his sister, if she will present proof that he surrendered himself and was not apprehended.

Among the adopted proposals are the making of the new arterial roads throughout the country, in particular one from Manchester to Liverpool, which will employ 20,000 men for many months.

Loans are to be made to towns throughout the country to assist in putting into operation public works of local utility and improvement.

A new system of land drainage is to be put in force in various places which will employ 20,000 men for twenty weeks.

New afforestation will employ 6,000 workers for five months, and 5,000,000 pounds will be immediately expended on the improvement of the great railroads.

Powerful electric power stations are to be set up throughout the country.

Finally, a guarantee of 50,000,000 pounds will be given to merchants, corporations and banks to speed up the foreign trade of the country.

The Government hopes that initiating these works will set other trades in operation and so stimulate the general business condition of the country early in the new year.

ENROLLMENT FOR NORMAL SCHOOL ARE BEING RECEIVED

A number of enrollments have been received for the proposed county normal school, which is to be located at Cedarville, within the next year, according to County Superintendent of Schools, H. C. Aultman.

Superintendent Aultman is requested that the heads of all schools of the county, indicate the pupils in the schools, whose ability would fit them for teaching, and to report the names of the students, to the County Superintendent's office, as soon as possible. The list of names is necessary in order that reservations may be made for the pupils in the county normal school, which will begin sessions in September. Since it will be possible to take care of only a limited number during the first term of the school, those first enrolled will be first taken care of, according to Mr. Aultman.

The normal school will also provide for teachers of experience, who are deficient in their normal training, to secure the credits required by law. Mr. Aultman said. The enrollment of prospective pupils will enable them to withdraw, their names, in case they make other plans concerning the course.

FIRM STOCKHOLDERS ACCEPT XENIA OFFER

FOUR-YEAR-OLD NEW BURLINGTON GIRL IN MUSIC MEMORY TEST

MISS MARGARET HILL

One of the interesting entrants in the State Music Contest, in Columbus, last Saturday, was little Miss Margaret Hill, four year old daughter of Mr. and Mrs. Jesse Hill, of New Burlington.

Diminutive Miss Margaret held her own throughout the contest, by naming a large number of the compositions entered in the Music Memory test, completing with grade and high school pupils from over the entire state. The little girl gained her knowledge of music masterpieces, through her mother, a teacher of piano and voice, and despite her infancy can easily name a number of pieces.

On account of her age, Margaret was not included in the list of contestants, but furnished an interesting feature to the contest, before a large group of music authorities.

GOVERNOR CUTS GRASS AT MANSION

Columbus, O., May 3.—"There is nothing I like to do better than work," declared Governor Donahay today, as he explained with a chuckle that he had spent an hour and a half mowing the grass in the front yard of the governor's mansion.

Maybe the chief executive muscles were cramped from veto writing, but be that as it may, East Broad street residents were a bit surprised when the governor appeared on the broad, stately lawn, in his shirt sleeves, and gave the grass a thorough, business-like cutting.

"And what's more I plan to do it right along all summer," the governor said.

TO SELECT BEAUTY QUEEN OF SECTION

A committee of judges from the interested cities will choose the beauty queen of western Ohio, from among the girls competing in the Pageant of Progress and Festival of Spring, beauty parade at Memorial Hall, Springfield, Thursday night. The judges will also select the second and third loveliest of the girls and to the three, grand prizes of the exposition will be awarded.

The first prize will be a Ford automobile, second a diamond ring, worth \$250 and the third, a \$100 merchandise order.

Miss Thelma Flanery is representing Miss Xenia in the show. The girls will pass in review before a committee of judges and before the audience after the curtain is run down on the style review.

ARISTOCRACY OF BRAINS WILL BE FORMED AT O. S. U.

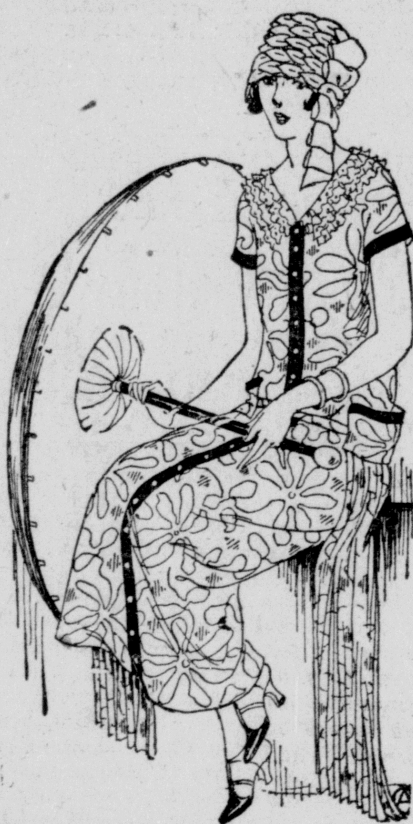

Columbus, O., May 2.—An "aristocracy of brains" will be established at the Ohio State University next fall, the faculty of the arts college having adopted a plan whereby special sections are set aside for students above the average intellectually.

A student with a grade above "B" or the second highest mark, will be permitted to enter the selected group, as will other students, upon special permission, who have obtained the "B" average in a special class of subjects only.

The special classes will meet four hours a week, but receive five hours credit.

Styles BY LENORE

A very pleasing kind of summer frock is worn by the young lady in the sketch. It is made of foulard flowered in cool green on a creamy colored background, with plain green bands and pearl buttons, the waistline (a little below the normal) emphasized by stand-away which surmount slender inset panels of pleat.

ing. Fresh and youthful, this is the type of dress which will find its way into many a vacation trunk.

Never has there been a more bewildering variety of materials shown in summer silks and cottons. Border materials are gaining in favor, and in cotton and linen fabrics embroidered and printed borders are overwhelmingly in the majority. In silks there is much white figured with bright red, blue or green, and a tendency to Oriental influences is given a somewhat novel turn in silk crepe printed all over in Persian neotrophies.

DIES IN HOSPITAL AT SPRINGFIELD

Mrs. Dorinda Libbert, 51 of 224 W. Jefferson Street, Springfield, died Tuesday night, at the Springfield City Hospital. Funeral services will be held at 1:30 o'clock, Friday, at the Snapp parlors, Springfield, with interment at Ferncliff Cemetery.

Mrs. Libbert is survived by her husband, Herman Libbert; her mother, Mrs. Jane Shaffer, Xenia; and the following brothers and sisters, Mrs. Olive Ruduck Xenia; Mrs. Lavinda Linn, Alter, Mrs. Frances Burden Medina, Mrs. Sarah Fox, Lima. Mrs. Ann Hively Terre Haute; Indiana. H. B. Shaffer, Alger and Charles Shaffer, of Flat Rock, Illinois.

WILL SHE BE ENGLAND'S NEXT QUEEN?

from * all around. Your circle should now measure two and one-half inches. If it is too large, work tighter or use a smaller hook. If it is too small, work looser or use a larger hook. Continue to work around and around, increasing often enough to keep the circle flat. (If it draws in on the edge you are not increasing often enough, and if it ruffles you are increasing too often.)

When this circle is large enough to cover the top of the hat-frame's crown, work without increasing for three inches—or until it is long enough to cover the entire crown. Then, in next row, increase in every other stitch and from then on, work around and around, increasing often enough to make the work lie flat on the brim of the wire frame. Make this brim part three rows beyond the edge of the frame—(these three rows hang over the edge of the frame, or may be sewed flat onto a white silk lining which goes on under the brim of the wire frame). A wreath of simple flowers trims the hat—merely a bow of ribbon.

FALL KILLS WOMAN

Springfield, O., May 3.—Mrs. C. E. Lynda Speagh, 60, widow of the late Dr. C. D. Speagh of Dayton, was killed when she fell out of a second-story window at the home of her sister, Mrs. J. M. Smith, in this city. Mrs. Speagh had been in ill health for the last several months.

A PURITAN WIFE

By Jane Phelps

CHAPTER LXXV

"You don't know how glad I am to be here, Ann," Grace said as she emerged from the living room. Her effrontery dazed Ann. She had no words in her vocabulary to express her indignation, but her gentle eyes blazed as Grace followed Dick out on the porch, and she caught her breath quickly as she heard their chatter.

"Dick is back, Ann; I heard his voice," Hugh said when she took him some broth. "Why didn't he come in and say hello?"

"I guess he thought it best not to disturb you," Ann replied. "I have cautioned everyone so often about letting you have quiet, they are afraid to disobey me." She smiled a little as he looked keenly at her.

"I heard Grace's voice, too; is she here?"

"Yes, she came back with Dick." In spite of all she could do, something of Ann's feeling showed in her voice—dry, hard, resentful.

"Ann, dear, you know how I feel toward you. I want to be a friend, to help you. Remember that if things worry you—if she makes you unhappy—there's nothing either Doc Grayson or I wouldn't do for you."

"I know, Hugh," was all Ann said, thinking no one could do anything. It was too late. Then she forgot what Hugh said. Later it was to return to her.

Now she must brace herself for what she had to face. Dick was in a dangerous mood. If she angered him in any way there was no telling to what lengths he would go. She must save him if she could, no longer for her sake, not even for little Jack's, but for his own sake. There was too much that was inherently good in him to have him ruin his life.

He and Grace came running in to dinner like two children, laughing loudly, yet to Ann, Dick's laugh somehow didn't ring true. Grace at once pounced upon little Jack. He had been asleep when she left with Dick, and in a moment she had the little fellow on her lap, telling him a funny story, making him shriek with laughter, and when she stopped for breath, crying for her to go on.

Nora appeared in the doorway. "Come, Jackie, your dinner's ready," she said, throwing an angry glance at Grace.

"Tants to sty wiv Grace," he replied.

"You love Grace, don't you?" the girl asked, hugging him.

"es, I love Grace," he answered, snuggling down in her lap.

Unable to endure more, Ann said sharply: "Go to Nora at once, Jack."

He commenced to cry, and Grace said: "Don't cry, lambe, Grace never speaks cross to you, does she? Run along and eat your dinner, then I'll tell you another story."

Then, before the child was out of hearing, she turned to Ann and said: "He likes me best. You shouldn't

RELIEVES BACKACHE

"Have had kidney trouble and backache for many years and I tried several doctors but got only temporary relief. A friend advised me to try Foley Kidney Pills, and before I used two boxes I was entirely well," writes A. C. Perkins, Summer Shade, Ky. Kidney and bladder trouble requires prompt treatment. Foley Kidney Pills give quick relief. Refuse substitutes. Insist upon Foley's. Sayre & Hemphill, No. 8 South Detroit St. adv

speaking to him like that! Poor little chap."

Ann bit her lip to keep back the reply that hovered there, and followed Jack and Nora into the kitchen. She had made up her mind not to answer Grace, not to give Dick a chance to find fault with her. She could not mask the resentment she felt, but she would try not to give it voice.

When dinner was ready she returned and took her place at the table. Dick and Grace kept up a running fire of talk, neither appearing to notice she said nothing. Dinner over she, as usual, attended to Hugh's dinner, setting the tray neatly, then she gave it to Nora to take to him, saying she would put Jack to bed.

"Tants Grace," he declared.

"I promised him a story, Ann. Come here, Jack," Grace held out her arms. "Jump up on Aunt Grace's lap."

Ann picked up the crying child and took him into her room. She heard Grace's exclamation as she closed the door, but paid no attention, then cradling her boy in her arms she raked her imagination to tell him as wonderful a story as Grace could, and soon he was laughing at the droll antics of a bunny rabbit who did things no self-respecting bunny ever thought of.

"Let's play cards," Grace proposed. And for an hour Ann played cut-throat, scarcely able to see the cards, not knowing what she was doing. Finally Dick yawned, and threw down his cards.

"Come on, Viking, let's take a walk. It's too glorious a night to go to bed," and with just one "I told you I'd do it" look from Dick they went out, leaving Ann alone.

Nora opened the door, and seeing Ann, her face buried in her arms, closed it quietly and retreated to the kitchen to plan a revenge on Grace Edmunds for making her beloved mistress so sad.

FIVE ARE KILLED IN TRAIN ACCIDENT OVER THIRTY INJURED

Denver and Rio Grande Western Train Eastbound From
San Francisco to Denver Derailed in Utah
Late Wednesday Night

Grand Junction, Colo., May 3.—Five persons are known to be dead today and more than thirty injured, while it is feared others may be buried under the wreckage of Denver and Rio Grande Western train Number 2, eastbound from San Francisco, to Denver, following a derailment near Woodside, Utah, 130 miles west of this city, late last night.

The flyer is believed to have hit an open switch, resulting in the two engines, two baggage cars, the smoker and chair car leaving the tracks and crashing into a ditch.

The dead include four unidentified passengers and three members of the train crew.

Only meagre details of the wreck had reached this city early today.

A relief train was made up here and several nurses and doctors rushed to the scene of the accident, an isolated town with few facilities for caring for the injured.

Engineer Fred R. Rader, of the second engine, was reported instantly killed. Fireman Anderson also killed. A woman identified as Mrs. Morris of Moab, Utah, was found dead in the wreckage.

Reports here said eight cars of the

twelve car train left the track. A relief train from Grand Junction reached Woodside, Utah, early today.

EX-CONGRESSMAN IN TOILS OF LAW IN U. S. CAPITOL

Manuel Herrick of Oklahoma Charged With Disorderly Conduct

Washington, May 3.—Ex-Congressman Manuel Herrick, of Oklahoma, the self styled aerial "dare devil" of Congress was in the toils of the law today.

Herrick was arrested on a downtown street corner last night, charged with disorderly conduct and annoying Miss Ethel M. Crane. When searched at headquarters the ex-congressman had a list containing the names and addresses of nearly fifty capitol girls.

Such notations as "good," "not so good," and "terrible" were penciled after their names. A high powered bottle of perfume also was revealed by the search of his person.

The arrest was made with considerable difficulty and the "wagon" was called into service to get the ex-congressman to the station house. He asserted he was a private detective and was investigating "white slave" cases. He also claimed congressional immunity from arrest. He was released on \$5 collateral for appearance in Police Court today.

Washington newspapers have been filled with Herrick's eccentric exploits during his two years in Congress.

RUTHENBERG WILL SERVE JAIL TERM OF 10 YEARS LIKELY

Cleveland Syndicalist Convicted of Violating Michigan Laws

St. Joseph, Mich., May 3.—Charles F. Ruthenberg, Cleveland syndicalist, who was convicted of having violated the Michigan Anti-Syndicalism laws after a jury had deliberated nearly forty-eight hours, will be sentenced June 4.

It was stated today the sentence may be imprisonment, up to a term of ten years, a \$5,000 fine or both.

Ruthenberg, according to reports from jurors was convicted on the fourth ballot, three jurymen agreeing that the laws had been violated by the Bridgman convention last summer, but announcing themselves as not satisfied Ruthenberg had advocated overthrow of the government. An argument of an hour's duration by other members of the jury, it was said, convinced them.

The jury was congratulated as "all American" by the prosecutors. Ruthenberg probably will appeal.

GOVERNOR SIGNS BILL
Harrisburg, Pa., May 3.—Governor Pinchot at noon today signed the Derick bill, which prohibits Pennsylvania municipalities from adopting daylight saving time by ordinances or resolutions.

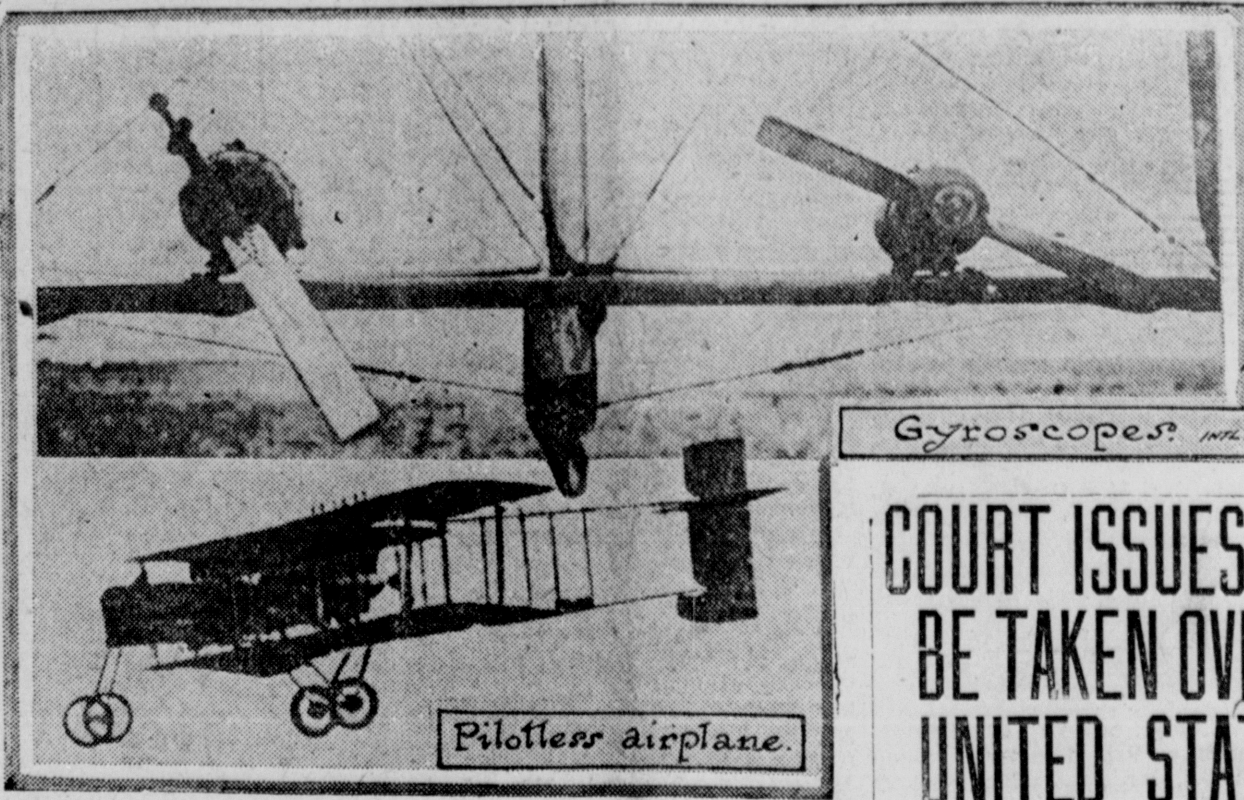

MYSTERY SHROUDS IDENTITY OF WOMAN

Covington, Ky., May 3. A young woman who said she was unable to remember her name and address, was taken to St. Elizabeth Hospital here early today after she was found wandering on the De Courcey pike south of the city last night. She was listed by police as an amnesia sufferer.

The young woman, well dressed, pretty and apparently a member of a refined family said she could remember only that she was 15 years old and was thrown from an automobile last night by several men. Later she said she was 24 and that she recalled recalled having received a peculiar drink at a roadhouse.

Hospital authorities are puzzled because they can find no scratches to indicate a fall from a car, and no traces of liquor were evident.

AIRPLANE MAKES FLIGHT WITHOUT PILOT

Experiments with an automatic airplane, directed by wireless control, have been made with complete success at Ville Sauvage, near Paris. The airplane had been made almost completely automatic, a control button on the ground directing it by wireless to ascend, descend and turn. Stability,

which is automatic, was controlled by gyroscopes, connected with auxiliary motors. In landing the machine, when about 10 feet above the ground righted itself and automatically shut off the motor. The motor again is automatically started and the plane taxied along the ground to its hangar. No human hand touched it during the flight.

U. S. EXPECTED TO TAKE LEADING PART IN AGREEMENT OVER RUHR

French Cabinet Rejects Berlin Reparations offer—
British Declare Document Was Clumsily
Written and Not Effective.

London, May 3.—An impression gained ground here today that the United States is going to be called upon to play an important part in the final settlement of the Ruhr and reparations problems. There is a prevalent feeling that the Ruhr issue eventually will be settled through the appointment of an international commission to determine the amount Germany can and must pay. This solution was proposed by Secretary of State Hughes.

George Harvey, American ambassador to England, who sailed for home today on the liner George Washington

made it plain that he expects Secretary Hughes proposals to be the eventual basis of settlement. Harvey set at rest reports he would remain in the United States by saying he will return to London.

It was learned from a semi-official source that British officials are hopeful the German offer may prove the forerunner of another. It is felt that the latest German note has not advanced the reparations problems any farther, towards an immediate settlement.

British officials say the document was clumsily written and arouses needless French and Belgian irritation. It is playing into the hands of the extremists.

Washington, May 3.—There is nothing in Germany's new reparations offer that calls for any change in the American policy of friendly aloofness toward the whole Franco-German controversy, it was stated in official quarters here today after hearing of Berlin's latest peace move.

The German offer already turned down in Paris, was delivered to the American government today by Dr. Otto Wiedfeldt, the German ambassador who called at the state department and conferred for some time with Secretary of State Hughes.

This government, it was explained, is still in the position of "waiting to be helpful" in the central European mess, but officials today professed to see no avenue of American aid opened up by the German proposals. The stumbling block to friendly action by the United States remains as it has always been—the obdurate attitude of the Poincare government.

Paris, May 3.—The French cabinet unanimously decided today that the German reparations proposals offering 30,000,000,000 gold marks, is not acceptable to France. Such action had been anticipated. A similar decision is expected by Belgium.

STUDENTS TESTIFY AT INQUEST INTO DEATH OF MOUNT

Evansville, Ill., May 3.—At the coroner's inquest into the death of Leighton Mount, Northwestern university student, Miss Doris Fuchs, a nurse maid and acquaintance of Mount, appeared to deny that they had been sweethearts. Henry Warren, 12, told of finding the skeleton of Mount while digging a "pirate's den" under an old pier jutting into Lake Michigan.

The inquest further revealed that J. L. Mount, the boy's father, often visited the spot where his son's body lay concealed in the rude cairn, walked on this pier, wondering, speculating, praying, the father said, "Never did I dream that my son's body lay under my feet."

Bits of knotted rope were found wrapped around the skeleton and identified as the kind used by students in their kidnappings during class wars. The body was further weighed with heavy slabs of broken concrete pavement, used to fill in the breakwater. These exhibits were viewed with blanched faces by the half hundred university students summoned to testify at the inquest. President Walter Dill Scott will also be summoned, the state authorities said.

HOWARD SAXBY IS DEAD IN CINCINNATI

Cincinnati, O., May 3.—Howard Saxby, widely-known lecturer and humorist, died last night at his home here. He was 69 years old. Death was due to rupture of an artery.

Mr. Saxby for a number of years published a magazine devoted to matters of interest to the Ohio Valley.

During the visit of Sir Arthur Conan Doyle to Cincinnati, two weeks ago, he called on Mr. Saxby, a close friend for years. Sir Arthur advised against an operation for gallstones and his advice was followed. Mr. Saxby reporting improvement.

BOMBER TO MAKE FLIGHT

Dayton, O., May 3.—The Barling bomber, superdreadnought of the skies, will make its first flight May 15, officers at Wilbur Wright field announced. The Barling is the largest heavier than air craft ever built. It will carry 10 men, seven machine guns and a 12,000 pound bomb. It has six 450 horsepower liberty motors. Its wing spread is 120 feet.

COURT ISSUES TO BE TAKEN OVER UNITED STATES

Political Circles Buzzing
Over Action Taken by
A. F. O. L.

Washington, May 3.—While President Harding has decided to let his world court fight simmer for a while, being hesitant about pushing it too hard until the country has time to think it over, it appeared certain today that the argument stirred up by the administration will go on within the Republican party and throughout the country.

In one state—California, where Senator Hiram Johnson is expected to lead an assault on the international court during the 1924 presidential campaign—a congressional election already has revolved around the court issue, and the candidate who upheld the views of Mr. Harding came out on top.

This is only the forerunner of other similar contests, according to reports reaching the capital, Republican and Democratic leaders agreeing that many political campaigns during the coming months will serve to arouse arguments on both sides and to clarify the issue.

Political circles here were buzzing today as the result of the headline plunge of the American Federation of Labor into the court fight. Although Samuel Gompers, veteran president of the federation, has long been recognized as a militant friend of the League of Nations he had refrained from giving public expression in the international court.

Now, however he is on record with the statement that American membership in the tribunal established by the league would be the "initial step that will inevitably lead to participation in all efforts to maintain peace between nations."

FORD DESIRES TO TAKE OFF TRAINS

Columbus, O., May 3.—Discontinuation of two passenger trains operating between Springfield and Iron ton, on the Detroit, Toledo and Iron ton Railroad owned by Henry Ford is required in an application filed today with the State Utilities Commission.

The service of the discontinued trains, numbers 5 and 6 would be taken care of by running trains 1 and 2 through from Detroit to Iron ton, instead of cutting them off at Bain bridge, Ohio as at present, giving thorough service from Detroit to Iron ton, the petition states.

The application has been assigned for hearing June 1.

FOREST FIRES DESTROY MILLIONS OF DOLLARS WORTH OF TIMBER

Report of Senate Committee Declares 20,000 Conflagrations Caused By Human Carelessness.

Washington, May 3.—Twenty thousand forest fires, which raged across a score of states, destroyed \$10,000,000 worth of standing timber in the last month, it was announced by Senator McNary, Republican of Oregon, chairman of the Senate Re-forestation Committee.

McNary declared government reports showed all the fires were caused by human carelessness. In many communities, he said, the destruction of forests would have a serious effect on water supplies during the coming summer. As a result of the widespread fire ravages this spring, McNary announced he would ask the next congress to appropriate \$5,000,000 as a special fund to provide federal forest patrols.

The present appropriation is only \$400,000.

The Senate committee will make an immediate inspection tour of forest conditions in the Middle West to view some of the forest fire losses at first hand. The committee will leave Washington next Sunday for a six day trip, visiting Detroit on May 7, Bay City, Michigan, May 12, Grand Rapids, Michigan, May 13, Chicago and vicin-

SMALL BOY ROUTS BURGLAR WITH AID OF HIS COLLIE DOG

Cincinnati, O., May 3.—A small boy and a dog last night routed a burglar in the exclusive residential section of Mount Auburn, a suburb and sent the intruder away so swiftly that he lost his loot.

"Rex," a half breed collie and his 10 year old master Edward Doering, found the burglar ransacking the house. The lad's parents, Mr. and Mrs. William Doering, were in a front room at their home, 2605 Burnet avenue, when the intruder was at work in the rear.

The boy "sicked" the dog on the robber, meanwhile making enough noise to sound like a man, or as near it as ten years permitted. The burglar dived through the window.

GIANT AIRSHIP WINGS WAY WEST TOWARD GOAL AT SAN DIEGO

T-2 Carrying Lieutenants Macready and Kelly Reported
Flying Over Western Sections on Thursday
—Mother Confident.

Rockwell Field, San Diego, Cal., May 3.—With weather conditions throughout the southwest ideal for flying, army Lieutenants Macready and Kelly should arrive at Rockwell Field shortly after noon, aviation officers declared after receiving a report that the two fliers had passed Wickenburg, Arizona, a distance of but 300 miles.

After crossing the Imperial Valley, the average of 100 miles an hour is expected to be reduced somewhat because of coast winds which will meet the giant plane headon.

Kansas City, Mo., May 3.—The powerful monoplane T-2, in which Lieutenants John A. Macready and Oakley G. Kelly are attempting a non-stop flight from New York to San Diego, California, is winging its way in a west by southern direction this morning and is believed to be somewhere between here and the Rock Mountains.

Traveling at high speed a monoplane passed over the Missouri River, a few miles south of Atchison, Kansas, at 11:05 o'clock last night and observers were sure it was the T-2. Earlier in the evening the T-2 was sighted at St. Louis.

The exact whereabouts of the monoplane could not be determined early today. People in cities and towns along the route were keeping a watch for the intrepid airman.

The route which the airman had mapped out for themselves would take them over Woodward, Oklahoma, Tucumcari, New Mexico, St. John's, Arizona, and across the Rockies to Phoenix. From there they will go in an air line to San Diego.

The fliers left Roosevelt Field at 1:37 o'clock yesterday afternoon. At their present rate of speed, if they don't meet with a mishap they will reach San Diego this afternoon.

Texhoma, Okla., May 3.—A large airplane, believed to have been the T-2 was heard passing over this town before dawn this morning, according to Santa Fe railroad employes. The big ship may have been a scout plane from post field, Fort Sill, Okla.

SHOTS ROUT RUM FLEET OFF COAST

New York, May 3.—Two shots from the revenue cutter Seneca of the "dry navy" round the rum fleet, it was reported today from official sources. The Seneca brought its four pounders into action while pursuing two rum runners and fired the warning shots across their bows when they did not draw up. As a result of the skirmish the rum vessels "rum row" was witnessed by the whiskey bearing boats in the vicinity. As a result of the show of arms, revenue officials reported the rum fleets the flagship Istar, a British schooner and former yacht of a New York millionaire pulled anchor and ran away.

The British tanker Warszawa and another large vessel trailed the retiring Istar along with a number of smaller craft of the armada.

The two small boats the Seneca shot at surrendered but was allowed to proceed when it was found they had no liquor aboard.

Prohibition Director Palmer Canfield planned to proceed against the rum fleet by air. This afternoon he went to Mitchell Field with Assistant United States District Attorneys Cashion and Cohen where two planes awaited to take them out over the fleet's haunts beyond the three mile limit.

The flight was to test the value of airplanes in campaigning against rum runners, Canfield said.

BELIEVE KIDNAPERS ESCAPED INTO CANADA

Schenectady, N. Y., May 3.—Police were virtually convinced early today that the kidnapers of Verner Alexander, six year old son of Ernest F. W. Alexander, noted radio engineer, escaped into Canada, with the child.

Word received from Detective Van Deusen, who went to Ogdensburg last night is that he believes he is on the trail of the kidnaper.

Van Deusen rushed to the northern part of the state after the police had learned that an automobile bearing a license plate issued to an Ogdensburg man, and carrying two men and a boy, had been seen near Gloversville several hours after the kidnapping.

INVENTOR DIES

Cincinnati, May 3.—Walter S. Ludlow, 83, inventor and manufacturer of an automatic fire alarm system in use in numerous American cities, died at a hospital here last night of the infirmities of age.

Los Angeles, Calif., May 3.—"I feel he'll make it and I feel sure that he is doing his best," said Mrs. Benjamin Macready at her home today as she waited for news from her son, Lieutenant John A. Macready, United States air force, who with Lieutenant Oakley G. Kelly is making his third attempt to fly across the United States without a stop.

"John is a good flyer," said his mother, "I would never go up with any other aviator," she smiled, "but I'd go anywhere with John. All he and Lieutenant Kelly will have to eat during the flight is soup and coffee from Thermos bottles. I wish I could have inspected the soup before they took off. But John doesn't need me, now, I am afraid. He seems to be quite able to take care of himself, from piloting his plane to inspecting his own soup."

U. S. DOES NOT PLAN SEIZURE OF RUM SHIPS

Foreign Liners Carrying
Liquor Into Ports Not
Molested

ENTER PARTLY "WET"

May Carry "Medicinal
Stocks" Treasury De-
partment Says

Washington, May 3.—Seizure of big foreign liners for carrying liquor into American ports in violation of the Volstead act is not contemplated by the government in preparing to enforce the Supreme Court's new three-mile decision, it was announced officially at the Treasury Department. Vessels will not even be searched unless flagrant violations are suspected, officials said, but if liquor is found, it will be confiscated by prohibition and custom officers.

Foreign ships will be allowed to enter American ports after June 10 partly "wet," despite the Supreme Court's decision.

Treasury regulations now being drafted by the enforcement of the court's decision will allow foreign vessels to have abundant medical liquor stocks. Ship surgeons will be permitted to determine how much will be required to meet normal needs during the voyage.

Washington, May 3.—The state department advised foreign governments that on and after June 10 their ships must come within American waters without any liquor aboard.

It was made clear at the same time that there is no treaty in existence which gives to any foreign power the right to question the decision of the supreme court, which prohibits liquor on all vessels when in territorial waters in the United States. The sweeping ruling carried with it the declaration that the law will be strictly enforced until such time as congress sees fit to make changes in the Volstead act.

While temporary regulations were being drawn up, the treasury department ordered the coast guard service to take to sea and build a wall around the rum fleet that will make it impossible for them to smuggle in liquor.

These hardy craft already are concentrating around New York and the Jersey coast. Trained and seasoned in any kind of sea duty the occasion may call for, they are to stand by the rum fleet in an attitude of watchful waiting. Any craft establishing a contact with a rum runner will be stopped as it crosses the dry line by the cutters, which will keep the fleet under the glare of searchlights in an effort to break up night as well as day smuggling.

Captain W. E. Reynolds, commandant of the coast guards, held a long conference with treasury officials to get his final orders. He said he believed his vessels could so completely surround the liquor fleet that contact with the shore would be impossible and that they will shortly go out on business.

The state department let it be known that there is no cause for worry over any protest which any foreign power, particularly the British, may make. It was pointed out that a protest can not be made unless some treaty has been violated by the highest court in the United States. It was said that a careful search of the archives of the department failed to reveal any such document.

Ware in the near future, and housewives will do well to replenish their kitchens during this sale.

KELLOGG'S BRAN
gives permanent relief
because it is ALL BRAN!

With the most dangerous diseases close on the trail of sufferers from constipation, there's no time to waste on foods with a low bran content! The one answer to constipation is BRAN that is ALL BRAN! That's why you should eat Kellogg's—and eat it regularly; at least two table-spoonfuls daily; as much with each meal in chronic cases! KELLOGG'S BRAN IS SCIENTIFICALLY PREPARED TO RELIEVE SUFFERING HUMANITY AS NO OTHER FOOD CAN!

Don't delay a minute! Get started on Kellogg's Bran to-day and your health will steadily improve and bowel conditions return to normal, no matter how long you have suffered with constipation, mild or chronic.

Remember that Kellogg's Bran is not an artificial laxative, but nature's own bulk food that acts as sweeper, cleanser and purifier. Its work for health is wonderful! Besides, bran contains the most valuable mineral salts and other life-sustaining ele-

ments—it is a blood maker and bone and tissue-builder!

Kellogg's Bran, being cooked and krumbled, is delicious eaten as a cereal, or sprinkled on hot or cold cereals. Another happy way to serve Kellogg's Bran is to cook it with your favorite hot cereal. In preparation, add two tablespoonfuls of bran for each person, cooking the cereal as usual.

You can make the most delightful muffins, raisin bread, pancakes, macaroons, etc., with Kellogg's Bran—and it's fine in gravies, soups and purees.

The big thing is to get started on Kellogg's Bran quickly—for the sake of the health of your entire family—AND SERVE IT REGULARLY! First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant!

All grocers sell Kellogg's Bran.

LAW INSTITUTE GETS \$1,075,000 TO AID ITS WORK.

The American Law Institute, which has undertaken the momentous task of restating the entire body of the common law, has received a gift of \$1,075,000 from the Carnegie Corporation, payable over a period of ten years.

William Draper Lewis, a professor of the Law School of the University of Pennsylvania, has announced the gift, the first large fund created to finance the program of the institute.

Dr. Lewis has been chosen director of the institute, Elihu Root is honorary president of the organization, George W. Wick-ersham, president. Many of the leading lawyers and Judges of the Nation are members.

In announcing the Carnegie donation, Dr. Lewis made the following explanation of how the fund will be applied:

"The object of the institute is to promote the clarification and simplification of the law and its better adaptation to the needs of life. While the need for the work which the institute is to do has been recognized for a long time, the institute itself is a new organization.

"Last May, thirty of the foremost lawyers of the country, under the leadership of Elihu Root, formed a committee to investigate the causes of the law's uncertainties and unnecessary complications and the possibility of establishing a permanent organization to fulfill the public obligation of the profession to promote the administration of justice—especially the clarity and simplicity of the law. After months of research and discussion the committee issued a statement or report in which they urged the establishment of a law institute, the first and most important work of the institute to be the restatement of the law.

"On February 23rd last, this report and its recommendations were considered in Washington at the most notable gathering of the members of the legal profession ever held in this country.

"The Washington meeting created and directed the incorporation of The American Law Institute to which this gift of over a million dollars has just been made. As indicated, the money will be expended on what is termed the restatement of the law. The average person thinks Congress and the State Legislatures as the only sources of law. But apart from statute law there is in fact a great body of what is known as customary or common law.

"This common law has been created and is being developed by the decisions of the courts. Its principles, not having the rigidity of a statute, may be modified by the courts to meet new conditions as they arise. Within limits this mobility makes for justice in the individual case. For many years, however, there has been increasing uncertainty as to what the law is."

LODGE STAND SEEN AS PERIL TO COURT.

There is more concern in Administration circles over the inferential hostility of Senator Lodge to the President's World Court proposal than in all the militancy of the Senate irreconcilables.

Should the veteran party leader carry to a conclusion the threat of "defeat by indirection" embodied in his letter to Governor Hyde, of Missouri, he would have a very much more formidable following than the musketeers of the once-proud Battalion of Death could summon to the colors.

The irreconcilables are unable to count more than eighteen faithfuls to vote against acceptance of the Harding proposal. Those who know Mr. Lodge's following in the Senate can add several important names almost certain to be found on his side of the line in any fight for "safeguarding reservations." Add to those such Republicans as could be swayed by Senator "Jim" Watson, of Indiana, and the prospect becomes serious for the White House should the acceptance or rejection of the Lodge reservations be the issue.

And only slightly less significant to officials who acknowledge a menace in Mr. Lodge's statement was his designation of the court as "the League Court," despite the extended public arguments of the President and Secretary Hughes to convince the American people that The Hague institution was not a hand-maiden to the League.

Democratic attempts to interpret the Lodge letter as a "straddle" on the court issue were dismissed as being unjustified by his language. It was the more accepted view that, reduced to simple terms, Mr. Lodge, finding fault with some features of the President's proposal, gave notice that "safeguarding" reservations were to be attached by the Senate and that the Senate could not be expected to take the Hughes reservations as sufficiently strong or numerous to be satisfactory.

LORD ROBERT'S ERRAND ENDED.

If Lord Robert Cecil has taken back with him to London as pleasant impressions of the United States as he has left behind him, a new tie will be added to the unity of the English-speaking nations. For his appearances and utterances in America have been marked by notable tact and a truly disarming diplomacy. If there had been any real antagonism to him or his errand, his manner would have gone far toward allaying it. But as a matter of fact, there was no such antagonism. His meetings have been crowded with auditors, not all of whom believed in the League which he advocated, but who were eager to give a respectful hearing to his arguments. If there was a steady malicious snarl on a group of professionally anti-British newspapers throughout the United States, that was merely to have been expected, reflected nothing but the eccentric policy of their owner. Apparently they were unable to shake Lord Robert's equanimity, more than did the diatribe launched by a Pittsburgh Congressman who seemed to think that the League of Nations was established for the promotion and extension of the opium traffic.

The whole tone of Lord Robert's series of arguments in the United States was summed up in a phrase used in his Boston speech: "The doctrine of love applies to nations as well as to men. It is not possible to have any compromise between the gospel of hate and the gospel of love. I believe it may well be said again that 'except ye repent, ye shall all likewise perish.'"

GREAT MYSTERY—WHO GOT THE LETTER?

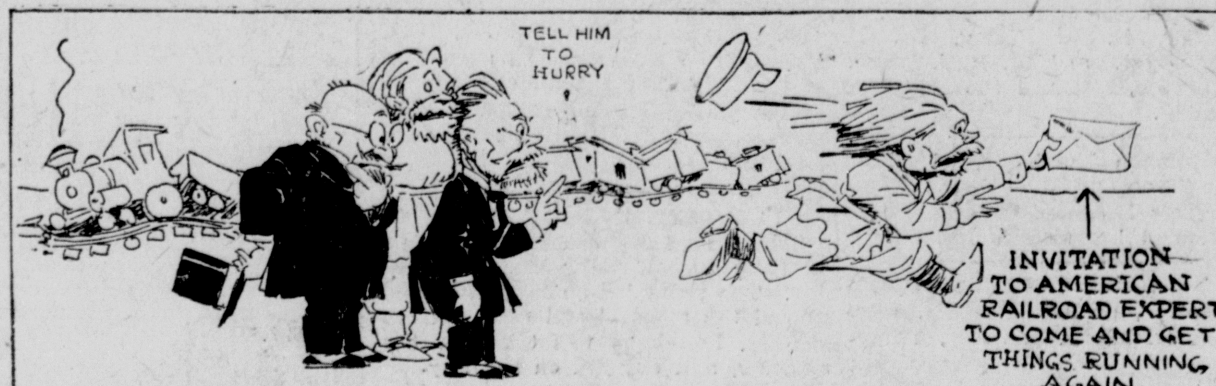

ONCE THERE WAS A SMALL GROUP OF LIBERAL SOULS WHO THOUGHT ALL THAT WAS NEEDED TO RUN THE RAILROADS WAS A FEW THEORIES—

BUT, SAD TO RELATE, THEIR TRANSPORTATION SYSTEM FAILED TO THRIVE UNDER THE TREATMENT AND FINALLY COLLAPSED.

WHEREUPON THEY DISPATCHED URGENT APPEALS TO AMERICA FOR EXPERT TALENT TO REHABILITATE THEIR RAILWAY SYSTEMS.

AND THE STRANGE THING ABOUT IT IS THAT NEITHER SENATOR LAFOLLETTE NOR SENATOR BROOKHART EVER GOT THE MESSAGE.

1903--Twenty Years Ago--1923

Mr. Ernest Shipman presents Thomas B. Alexander supported by Eloise Elleston and company in Anthony Hope's beautiful love story "The Prisoner of Zenda," at the Opera House Tuesday evening, May 5. The Xenia orchestra will render the music for the production.

The Methodists of Bowersville are feeling very much elated over the dedication of their new church

edifice on Sunday. The dedicatory sermon was preached by the presiding elder, V. F. Brown, D. D. William Dodds was elected president of the Xenia Driving Club at the meeting held last evening. R. S. Kingsbury was elected vice president; J. R. Jobe, secretary, and T. D. Kyle, treasurer. The members are very enthusiastic over the prospects of the coming season for some fine sport.

AFTER BABY COMES

Not very long ago I wrote a few chats on beauty treatments during the coming of a baby. Several young mothers have written and asked me what to do after the baby comes to improve their appearance. As I said before, the birth of a child need never take away from a woman's beauty; if she takes care of herself properly it should only enhance her beauty.

But please note that I said: "If she takes care of herself properly." The first thing is to stay in bed long enough afterwards; three weeks before she ventures to sit up in her room, five before she attempts much activity, six before she goes back to normal exertions. There are, of course, many unusually healthy women who do not need so much rest, and there are many unfortunate women who cannot afford it. There are also, unfortunately, many doctors and maternity nurses who say their patients are "very bright" and clever if they get up early and who encourage them to do so—it being less work for the nurse and doctor. But the logic of the six weeks' rest is proved by the well-known fact that it takes six weeks and sometimes more for all those abdominal organs to return to normal size and position.

Even if she has not worn corsets before, it will be necessary now to wear them for some months. All those muscles have been stretched and are now lax and must be supported until they are strong enough to support themselves. Meantime she must take exercises—that is, standing with hands on the hips, spine straight, bending forward as much as possible a dozen times, then bending sideways a dozen times—are excellent for restoring the waistline to its normal size; while lying on the floor with the feet supported and raising to a sitting position will strengthen the abdomen and make it flat again. Outdoor games and swimming are also advisable.

Obelia Y.—It is likely that a tiny vein broke when you had the skin trouble. Consult a dermatologist about it, as it is possible the congestion may be removed by scattering. Otherwise there will be those tiny red lines under the skin for a long time to come.

Grace L.—There is no danger that the lashes would grow beyond a reasonable length, no matter how you stimulated the growth. Dowry—There is no depilatory that can remove superfluous hair permanently. Consult the telephone

book for addresses of people who do this work.

Blue Eyes—Develop your legs through exercise and massage. Cocoa butter used with the massage will help to fatten.

SECRETARY HUGHES TO MAKE ADDRESS

Cincinnati O., May 3.—Secretary Charles Evans Hughes of the State Department, is to be invited to make the principal address opening the fall festival here, according to a decision reached by the directors of the chamber of commerce.

The industrial exposition will revive a traditional Cincinnati institution widely known prior to 1912, when it was discontinued.

Merchandise worth a million dollars is to be exhibited under arrangements already made.

DON'T GET UP NIGHTS FOR BLADDER ILLS

Dayton Man Reports Relief With Simple Remedy After Getting Up 15 or 20 Times Each Night for Two Years

Mr. Julius Mayers, 1430 East Fifth St., says in his own home paper, the Dayton News: "For two years by bladder trouble I was kept up many times at night and too frequent in the day. After taking a few doses of Lithiated Buchu (Keller formula), my bladder works perfectly normal and I can sleep all night."

Lithiated Buchu (Keller formula) acts on the kidneys and bladder as Epsom Salts do on the bowels. You will be surprised at the impurities which come from the bladder after taking a few doses of Lithiated Buchu (Keller formula). It is not a patent medicine, as the formula is on the package. The tablets cost 20 cents. You can see the formula in place in the formula several high-priced drugs, which are useful to give relief. It is not likely that you have ever taken a remedy similar to this. You can see the formula and learn more about Lithiated Buchu (Keller formula) at all drug stores everywhere, or write The Keller Laboratory, Mechanicburg, Ohio.

Miss B. Aiken Tells How Cuticura Healed Eczema

"When I was about fourteen years of age my face, arms and scalp broke out with eczema. It started with little pimples and blisters which spread rapidly. I could not stand any clothing on my arms, and my face was disfigured. My scalp itched and burned so badly I could not sleep, and my hair became dry and lifeless and fell out in handfuls.

"I read an advertisement for Cuticura Soap and Ointment and sent for a sample. It helped me so I purchased more, and after using three cakes of Soap and three boxes of Ointment I was healed." (Signed) Miss Burness Aiken, Lyndon, Kansas.

Daily use of Cuticura Soap, Ointment and Talcum helps to prevent skin troubles.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden St., Mass." Sold everywhere. Soap 25c. Ointment 25c. Talcum 25c. Cuticura Soap shaves without mug.

Today's Talk

We are ruled and governed largely by the mass—crowds, collected thought, public opinion.

And yet it is almost through our individual separateness of thought and action that we rise and go forward.

We can agree and the crowd will let us keep step with it—its approvals touching ours. But if we would clothe a new idea or desire to express something of our true and honest feeling, it is often necessary for us to take a separate path, and sometimes a very rough and untrodden one.

And in the end, this here-and-now existence may mean the cross—but even that will not matter so much, for he who aspires to greatness never figures out the cost in advance.

It isn't pleasant to walk the lonely road, to feel an individual separateness. But it has compensations that loom like mountain peaks crowned with their whitened snows.

Take the picture of the fall of the leaves during Autumn time. Each leaf finally falls alone, separate and distinct as a factor in nature, though only after an association of months together with an entire tree of leaves beautified by summer rains and sun.

You pick up one of these fallen treasures with its gorgeous colorings. You stoop for another—and another. And no two can you find that are exactly alike. Each has lived its own individual separateness, though massed with the whole.

We may aspire. We may reach. The good God will put things in our way so that we may take hold upon them and thus be helped and guided. But it shall ever remain to the man himself, to the personality itself, really to pilot its separate career.

Life is set with choices. We select those into which we may best fit. And then it is our privilege to help make the world better and happier.

The plaintiff and the defendant, William Clemens, are each entitled to an undivided one-half interest in certain farm land in Cedarville Twp., T. C. Long, S. K. Williamson and A. W. Tresise have been appointed commissioners by the Court to partition the property.

Will Is Probated

The will of Elizabeth Lackey, admitted to Probate Wednesday, disposes of an estate valued at \$18,000 including real estate. The First Presbyterian Church of Xenia will benefit under the will in the sum of \$500. Nettie Hopping, a niece and Raymond Hopping, a nephew, receive \$400 in trust under the terms of the will and are to apply the interest at six per cent to the upkeep of the McKnight Cemetery in Spring Valley Township. Nettie Hopping and Raymond Hopping also receive shares and share alike the St. John farm of 155 acres on the New Burlington pike and all the rest of the estate. The will was executed May 25, 1917 and a codicil executed November 11, 1919, makes slight changes providing that this property shall pass to the children of Nettie and Raymond Hopping at their death. Raymond Hopping was named executor and furnished \$2,500 bond. G. A. Wood, W. E. Bogan and Ralph Houston were named appraisers.

Church Board Pays Tax

The Women's General Missionary Society of the United Presbyterian Church of North America will pay the large single amount of inheritance tax on the estate of Sue G. Crabbe.

THIS LITTLE BABY GIRL

Was Benefited by the Good Her Mother Got from Lydia E. Pinkham's Vegetable Compound

Pittsburgh, Pa.—"I took Lydia E. Pinkham's Vegetable Compound before my little girl was born, and the effect it had was wonderful. This will be the first child I have nursed, as I had to bring my two boys up on the bottle. I was very nervous and worried all the time, and after I read about the Vegetable Compound I tried it and kept on with it. I still continue its use and recommend it to my friends. You may publish these facts as a testimonial for your medicine."—Mrs. WM. KLINGE, 169 Plymouth St., Pittsburgh, Pa.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after the birth of the child, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It can be taken in safety by the nursing mother.

OUCH! LAME BACK. RUB LUMBAGO OR BACKACHE AWAY

Kidney's cause backache? No! Listen! Your backache is caused by lumbago, sciatica, or a strain, and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of St. Jacobs Oil from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest St. Jacobs Oil whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

The gross value of the estate was \$6,649.08, and the debts and costs of administration \$1,460.27, leaving \$5,188.81 for distribution of which the Missionary Society will receive \$4,861.33 without exemption and will pay \$340.20 tax. John K. Kyle and Mrs. Joseph Kyle will pay \$3.50 tax each on their bequests of \$50 apiece. Helen Dodds and Marion Kyle each received \$5 and will each pay 35 cents tax and Mrs. D. C. Littell and Mrs. Elmer Wallace each receive \$2.50 and will each pay 18 cents tax. Carrie Hynes receives \$2 and will pay 14 cents tax.

SPECIAL FORD CAR BUILT FOR WIFE OF LOCAL DEALER

The demand for Ford cars at the Bryant Sales, will no longer be a source of trouble to Mrs. E. R. Bryant, wife of the manager of the company.

During the increase of demands for the Ford cars at the local dealers, and the shortage of deliveries from Detroit, Mr. Bryant, was often forced to take Mrs. Bryant's private Ford sedan and sell it to an impatient customer. The matter occurred again and again until finally Mrs. Bryant was forced to take extreme action, in order to maintain her machine. She promptly wrote to Henry Ford, brother-in-law of Mr. Bryant and told him of her plight.

The solution of her problem was in the form of a specially built, Ford Sedan, upholstered in purple velvet, with silk curtains, and wood finish, a replica of the advanced Lincoln car models, and in fact the most elaborate Ford car ever manufactured. This car was shipped by Mr. Ford in a special car, on his private railway, the D. T. and L., arriving at Springfield Thursday for delivery to Mrs. Bryant.

DRAMA LEAGUE TO SHOW GREEK ART AT CHICAGO

Chicago, April 26.—Ancient Greece land of romance and splendor, will live again in Chicago on May 7. On that day the Drama League of America, under direction of the Chicago branch, will give this city, for the first time, exact reproductions of life and art when Athens was at the height of its glory.

All costumes and dance movements which will make up the Hellenic Arts Festival, as the production is to be known, will be taken from pictures on urns and tables recently unearthed at Delphi. Even the music has been obtained from this source. In every way, it is promised, the exhibition will be true to life as it was known when Greece ruled as the seat of culture of the world.

Notables from abroad, as well as of this country, are taking leading roles in the preparation of the festival. Under direction of Vassos Kenellos, chief dancer at the Royal Court of Greece, and Mme. Zaneu, of New York, a dramatic dance-pageant, "The Emperor's Bride," is being prepared.

Chicago society has taken great

interest in the movement. More than 100 of the socially elect of this city have accepted roles in the festival. Mingling with the elite of this city's social group will be well-known members of Chicago's Greek colony.

One of the purposes of the festival, it was stated by persons actively leading the movement, is the furthering of the nationalization programme of the Drama League of America.

Banner Lye

is easy to use

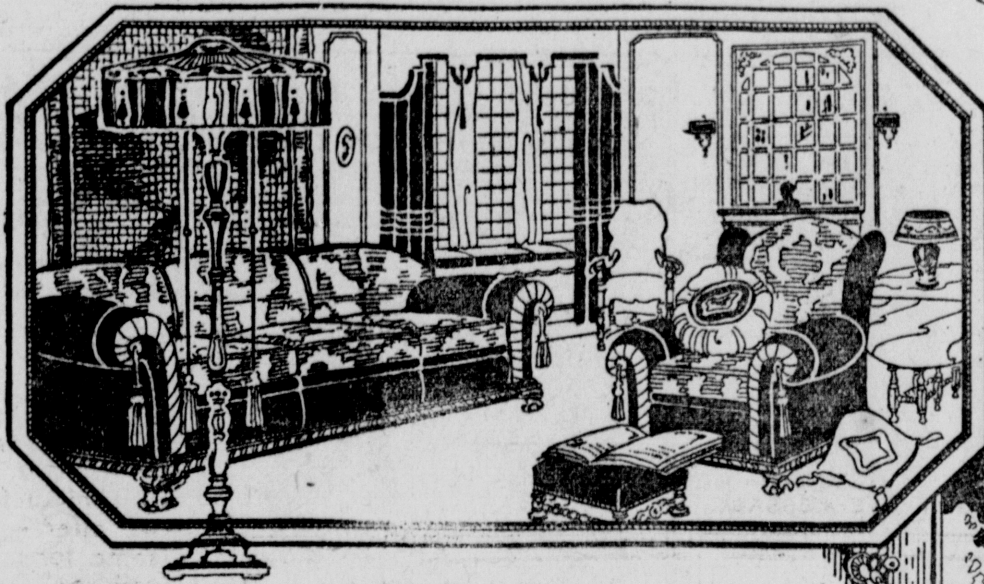

No other lye is packed so safely and conveniently, or is so economical—not a bit wasted. No other lye or soap cleans and disinfects so easily and thoroughly as Banner Lye. It is not old-style lye. Odorless and colorless; the greatest cleanser and disinfectant the world has ever known. Use it for cleaning your kitchen, cellar, sinks, dairy, milk-pans and bottles, for softening water, and the labor of washing and cleaning will be cut in half.

Makes pure soap

and saves money besides. A can of Banner Lye, 5½ pounds of kitchen grease, ten minutes' easy work (no boiling or large kettles), and you have 10 pounds of best hard soap or 20 gallons of soft soap.

Banner Lye is sold by your grocer or druggist. Write to us for free booklet, "Care of Banner Lye." The Penn Chemical Works Philadelphia U.S.A.

Brides---Furnish Your Home Better For Less Money at Adair's!

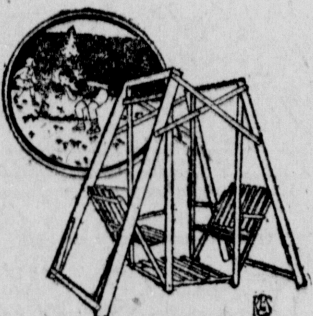

Common sense tells you why it will pay you to go to Adair's for furniture. Prices are bound to be lower. You know that rents are enormous in the city stores. The rents have to be paid out of profits made on furniture sold. We do not have to consider rent in pricing our furniture. We own our own buildings. The amount we charge off for "rent" every month would not pay for a "whole in the wall" in a city. This is just one of the items that makes Adair furniture cost about 20% less.

THE MANAGEMENT

FRIDAY IS CIRCUS DAY IN XENIA AS SHOW OPENS SEASON

Friday will be circus day in Xenia, and it will be Xenia's own circus at that.

The Davidson Brothers Show, which has been wintering at the Fairgrounds all winter, while new equipment was prepared and new animals trained, will open a two-day engagement here Friday.

The Davidson Show, a tent show of the small circus type, will spread its tents in the Dods Addition, at Detroit and Church streets, for the opening performance Friday afternoon. Children of the O. S. and S. O. and the County Homes will be guests of the management at the initial performance.

Many animals trained at the Fairgrounds this winter by J. E. Bone, local animal trainer, will make their debut before a circus crowd Friday. These include a school of ponies and a number of performing dogs. They will be presented to a clamoring mob of circus fans for the first time Friday afternoon and night and as much depends upon their manners at the premier, they are being carefully schooled for the debut.

The Davidson Show will also play here Saturday afternoon and night. Dr. J. S. Davidson, has spent the winter here while taking care of the animals at the Fairgrounds and some time ago delivered an address before the Xenia Kiwanis Club at which time he introduced "Fatty Arbuckle," a high school canine and wire walker.

All new equipment, including new trucks and cages have been obtained while the circus was wintering here and a number of new aerial acts were signed to appear with the Company this season. If the Davidson Show meets with success on its premier and in other towns to be played on leaving Xenia, the Shows will winter here annually.

C. OF C. FURNITURE IS BEING SOLD

Furniture and other equipment of the defunct Xenia Chamber of Commerce is rapidly being sold.

The furniture has been moved to the vacant room on East Main Street formerly occupied by the Witham Grocery, where it is on display. Much of it has been sold including the piano which was purchased by the Presbyterian Church.

Directors of the abandoned organization are selling the furniture and equipment to raise money to pay off the debt which piled up against the Chamber before its final dissolution.

Facts About Child-Birth

An eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the Little One arrives!

Mrs. Wm. Washington, 107 Louise Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without 'Mother's Friend' during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes child-birth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., 2444 Atlanta, Ga., for free wonderful book containing information every expectant mother should have. Get a bottle of "Mother's Friend" today. It is sold by all druggists—everywhere.

OFFICES OPERATE ON SUMMER SCHEDULE

Offices of the Hooven and Allison Company are now operating on the summer work schedule.

Executives and office employees are coming to work a half hour earlier, at 7:30 o'clock in order to be able to leave their desks at 4:30 or a half hour earlier than under the regular schedule.

The schedule was put in effect last

year to defeat the loss of daylight occasioned by failure to observe the daylight saving time arrangement here, and gives employees a half-hour's extra freedom during the daylight hour in the evening.

ALLEGED AUTOMOBILE THIEF TO BE SENT TO REFORMATORY

James Scott, 23, of Peru, Indiana, wanted here for the theft of an automobile belonging to Roy Buckles April 18, escaped from the Mansfield Reformatory April 5, and will be returned to that institution to serve the remainder of his sentence before he can be brought here, according to Chief of Police M. E. Graham.

Chief Graham has received a card with this information from Chief of Police French, of Columbus, where Scott was under arrest. He will be turned over to Field Officer Crow of the Mansfield institution Friday and taken there to serve the remainder of his time. The warrant for his arrest for auto theft sent to Columbus by Chief Graham will be turned over to Mansfield authorities and placed on file there so that Xenia Police can be notified when Scott's time is up.

The arrest of Scott, who also goes under the alias of James Thompson, in Columbus recently, calls to mind the murder of Scott's father by Bob Hosier in a woods near Xenia five or six years ago. At that time Scott, and his son were living in a cabin engaged in clearing a section of the woods, and Hosier's mother was keeping house for them.

Hosier went to the house one day and in an argument with Scott Sr. shot him with a shot gun. It is said. He was tried for the shooting but escaped punishment.

Scott Jr., left this country shortly after and when arrested in Columbus gave his address as Peru, Ind. He had been sent to the Reformatory from Fayette County for stealing chickens, it is understood, and escaped from the institution April 5. Police say Scott then came here and stole the Ford touring car belonging to Buckles from in front of the Bijou Theater on Green Street on the night of April 18, driving it to Columbus.

Scott's apprehension by Columbus police followed a shooting in which Asa Davis, 32, another former Xenian and alleged police character shot Scott in an argument in which the octogenarian charged the younger man with robbing him. Scott was taken to Mercy Hospital with a bullet wound in his lung. The bullet lodged near his spine and his condition was critical for a time. Davis was arrested charged with the shooting and the automobile the men had been using was confiscated. By tracing the license number Columbus Police learned the tag was issued to Buckles and notified Xenia Police who forwarded a warrant for Scott's arrest on a charge of stealing the automobile. Buckles recovered his machine which was in good condition.

Federal Coal Control Called "Paternalism" By Columbus Lawyer

Columbus, Ohio, April 18.—It would be "paternalism in its worst form" if the Federal Government attempted to fix prices and control distribution of coal, asserted Attorney J. V. Norman, of Louisville, Ky., addressing the Columbus Chamber of Commerce Forum.

The public would be deprived of the benefit of unrestricted competition in the event that the National Coal Commission determined upon means for limiting the capacity of coal mines and the number of miners employed Attorney Norman said.

U. S. Writ Saves Girl From Deportation.

Esther Kaplan.

Esther Kaplan, who arrived in New York in 1914, was taken by Federal authorities to Ellis Island immigration station, New York Harbor, to be deported to Russia on the grounds that she was of inferior mentality. Her mother and father were permitted to remain in America, and the girl faced life, without friends, in Europe. Congressman Samuel Dickstein interested himself in the case and secured a writ of habeas corpus from United States Judge Julian Mack, arriving with it just before the girl was to have been placed on the liner Bayern for deportation. Her mother, Mrs. Dora Kaplan, fainted from joy.

Girl Would Be Rid of Vascillating Husband

Omaha, Neb., April 18.—Mrs. Irma Simmons, bobbed-haired blue-eyed and 19, seeks a divorce from Cecil F. Simmons, 22, declaring she is tired of supporting him while he went to school.

Irma eloped with Cecil, but he wanted her to work for \$18 a week and support him in college while preparing for the ministry. He later changed his mind and decided to become a doctor. Then he planned to rest a time before definitely selecting a worthy line of work, Irma, however, finally rebelled and refused to support him any longer.

Cecil is now working in the Union Pacific shops in Omaha.

HOW I RELIEVED MY CATARRH

For years she had been troubled with catarrh of the head, as only folks who have catarrh can realize. After trying everything without success she finally got a prescription for "Denta Caps."

This she used to make a nasal douche, and it gave her such remarkable relief that she will no longer be without it.

Denta Caps is widely used because of its unusual power to help destroy the germs that cause infections of nose and throat and mouth. It should be used daily, not only to relieve such conditions, but also to help PREVENT the millions of disease germs that daily hide in the crevices of mouth and throat from attacking the body with some ravaging disease, such as flu, tonsillitis, fever, etc. Get Denta Caps from your druggist today.

Pyorrhea, nasal catarrh and other affections of nose, mouth and throat have been corrected by Denta Caps in many cases. As a prophylactic and deodorant, Denta Caps enjoy a wide use. DENTA CAPS, INC., 305 East 40th Street, N. Y. C.

DESCRIBES ARMY BILL IN ADDRESS AT KIWANIS CLUB

That the present situation of the United States Army is unsatisfactory and that the people will have to either abandon entirely or carry through the plan of the last Congress concerning the constitution of the army, is the belief of E. S. Tallafiero, production manager of the Hooven and Allison Company, a captain in the Officers' Reserve Corps, expressed in an address before members of the Ki-

wanis Club, at the Elks' lodge Wednesday night.

Mr. Tallafiero outlined the bill passed by the last Congress, which designated the army as consisting of three divisions, first, the regular army, second, the Officers' Reserve Corps, and third, the National Guard. The regular army, according to the recent law, Mr. Tallafiero said, will, in case of emergency be sent into the field as one unit, departing from the old method of dividing the army into divisions of four. He advocated the policy of leaving the army intact.

In accordance with the new bill, the National Guard, would recruit, and go into action as a unit, with its recruits. The Reserve Corps, would be largely recruited, in case of emergency.

The committee in charge of the meeting, headed by A. H. Dyer, presented T. H. Zell, the last member at the meeting with an alarm clock.

Mr. Dann, a visiting Kiwanian from Mansfield, Ohio, gave a short talk before the club, concerning the Mansfield Kiwanis Club.

REPARATIONS CUT AIDS BULGARIANS

Sofia, April 18.—Bulgaria financial and industrial outlook has been considerably brightened as the result of an agreement on reparations between the Allied Reparations Commission and the Bulgarian government.

The effect of the agreement has been to greatly reduce the total amount of reparations Bulgaria must pay, coupled with an adjustment of terms that is regarded as highly ben-

eficial to Bulgaria. The agreement generally has met with approval throughout the country.

By the terms of the peace treaty a war indemnity of 2,225,000,000 gold francs was imposed upon Bulgaria. Since the population of the country is largely agrarian and there are few industrial establishments of outstanding importance the Bulgarian Government felt that this reparations burden was excessive.

Accordingly representations were made to the reparations commission and Sir Elliot Colvin headed a delegation which came to Bulgaria for a personal investigation of Bulgaria's ability to pay. The result was a rather remarkable scaling down of the total indemnity.

Under the agreement now concluded the total reparations Bulgaria will pay has been fixed at 500,000,000 gold francs. This total must be paid over

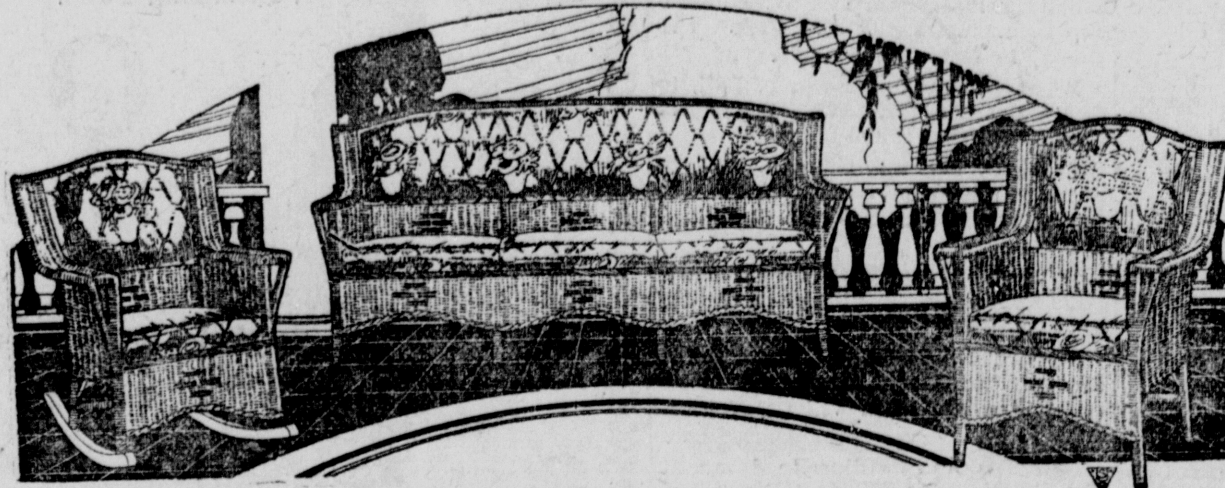

a period of sixty years. For the first ten years of that term no interest is to be paid, but after ten years interest is to be assessed at 5 per cent.

Commutation of the agreement has resulted in the strengthening of the position of Premier Alexander Stambolisky. Announcement of the agreement was followed almost immediately by a rise in the exchange rate of the Bulgarian lev. Other economic advantages are anticipated which will be of great benefit not only to Bulgaria but to other Balkan states.

Washington, May 2.—Everett Scott, star shortstop of the Yankee team, played his 1,000th consecutive game yesterday. He was presented with a gold medal, emblematic of his 1,000-game record. Walter Johnson, veteran twirler, let the hard hitting Yankees down with three hits.

FINALLY PERSUADED TO SELL JEFFERSON'S HOME

Monticello.

Ex-Congressman Jefferson M. Levy, of New York, in whose family Monticello, the famous Virginia home of Thomas Jefferson, author of the Declaration of Independence, has held for several generations, has finally consented to sell the home to the people of the State of Virginia for \$1,000,000. It will be turned into a public memorial, a Mount Vernon, the home of Washington. Mr. Levy has held the homestead, which bankrupted Jefferson and left him to die almost in poverty, in almost sacred regard and has lavished hundreds of thousands of dollars on it to keep it in perfect condition.

Camp in Everglades fed by airplane.

Hewing their way through almost impenetrable cypress forests and swamps, plowing through soft mud and being hauled by a tractor, a party of 25 men and women, in seven automobiles, recently attempted to blaze a trail through the hitherto unexplored

Everglades of Florida, to connect Tampa and Miami. Deserted by their superstitious Seminole guides, the party was in dire straits for days, unable to advance or retreat, and without food or water. Finally three of the explorers broke through on foot and told their pitiful story. Air-

planes loaded with food, found them 40 miles from Miami, while other airplanes provided them with gasoline and other supplies and they finally made their way through. All had to go to hospitals, suffering from exhaustion and from mosquito and chigger bites.

MAROONED LOGGERS FED BY AIRPLANE

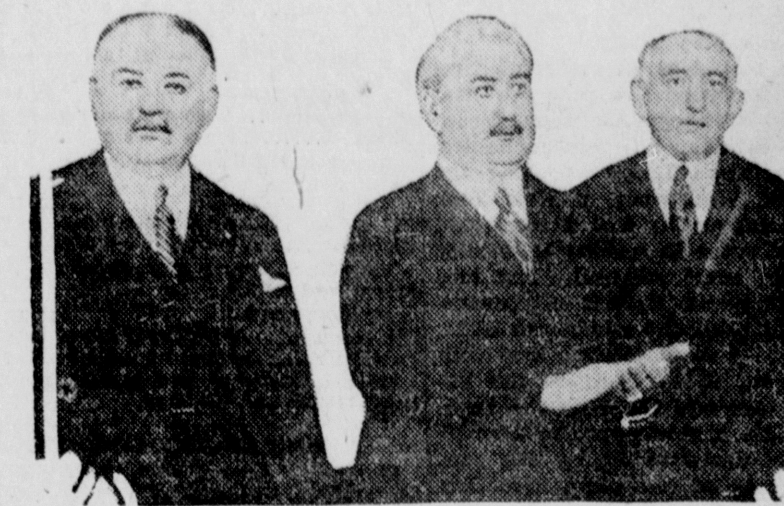

Marooned loggers.

These are typical lumbermen of South Fox Island, off the northern peninsula of Michigan. These lumbermen and a few Indians are the only inhabitants of the is-

land, where nine men and two women were isolated for nearly a year by the Spring ice flows. Re-aided by the State, the loggers have succeeded in reaching the island with plenty of food.

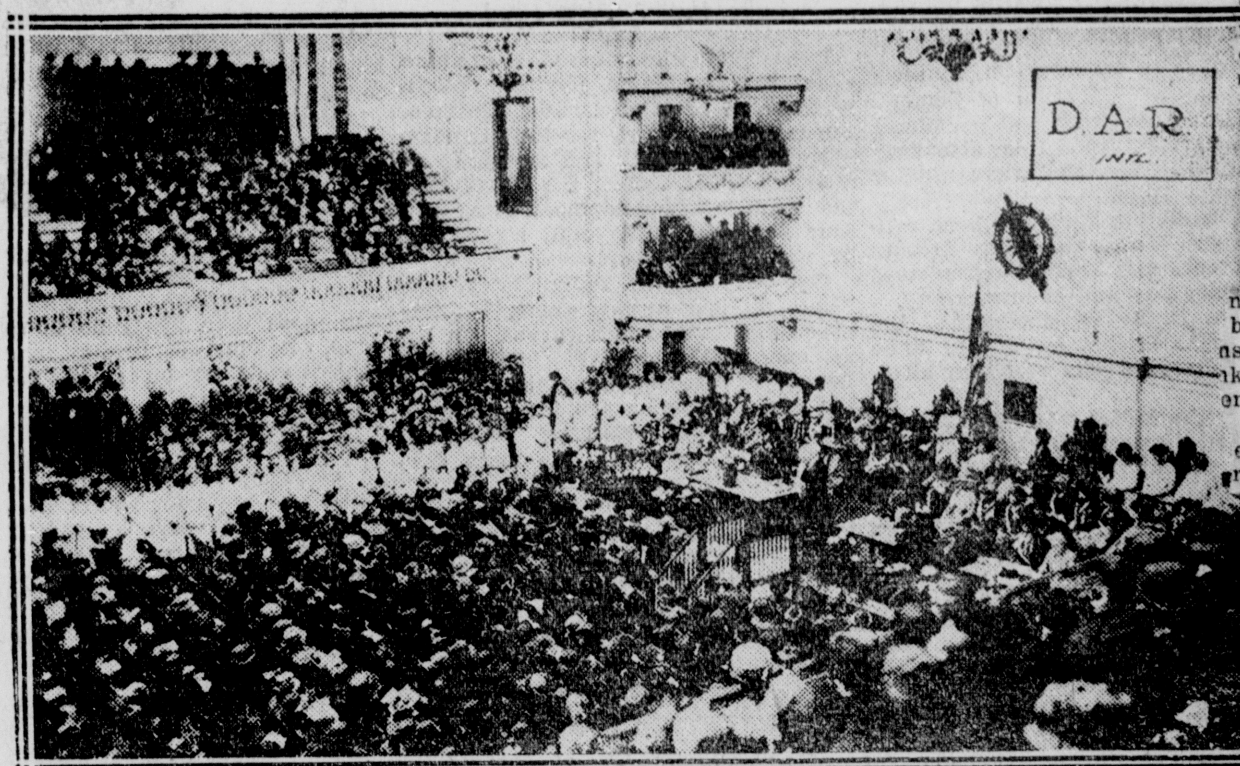

POLICE DEPARTMENT OPENS DETECTIVE SCHOOL

The Police Department of the City of New York has opened its first detective training school, under the supervision of Police Commissioner Richard E. Enright. The school will furnish three months' instruction to em-

bryo Sherlock Holmeses. Missioner Enright is shown in the School, with Deputy Commissioner Faurot, in charge of the Detective Department. Dr. Carlton Simon, another deputy, in charge of the cotic squads.

Here are the members of the

Congress of the Daughters of the American Revolution, in their

first meeting of their annual convention held in Washington.

BLESS BEARD OF TURKISH SULTAN

Turkish Sultan.

"By the beard of the Prophet" is a saying as old as the custom of blessing the beard of Sultan of Turkey, who is head of the Mohammedan Church. The new Sultan having raised a beard of proper and authorized length to

the Selamlık, where the said beard received holy blessings during divine services. The ceremony is part of an ancient custom and is marked by simple yet impressive rites. The Sultan, on horseback, is shown leaving the temple.

WOULD BOYCOTT GREAT BR

Mrs. Muriel MacSwiney.

Mrs. Muriel MacSwiney, wife of the late Lord Mayor of Cork, starved himself to death in Irish prison told 5,000 sympathizers in Boston, (Massachusetts) that the Irish Republicans triumph over the Free State. The meeting held to commemorate the seventh anniversary of the so-called Irish Rep 1916, cheered when she denounced boycott on all English goods.

VACANCIES TO FILLED-SENATE CHANGES COMING

ington, May 3.—Charles N. Secretary of commerce in the Administration, came from St. Louis as a representative of Missouri to urge Republican senators to get into the fight against the straiten's world court plan. He announced that Republicans state are more opposed to the plan than they were to the league. He urged Senator Borah to discuss the proposal before a meeting of the business men to be held

for Harrell, Republican of Oklahoma, announced that he was about to announce the irrevocable plan against the court plan. He is going to Europe, on which he will be accompanied by a former senator who can speak seven languages and through whom he expects to learn all about the court.

Organization of the foreign committee in order to insure a reliable majority against the proposal is under way. Efforts are being made to capture the committee already have the fire of the Wilson Democrats of whom have learned that "Jim" Reed of Missouri selected for one of the three judicial vacancies. Three Republican places also are to be filled, and charges that Senator Lodge is favoring to have all places taken by opponents of the court.

Secretary Nagel declared the court is thoroughly hostile to the court proposal. He said: "I am unwilling to admit that any compromise could be traced back to the Versailles treaty." He said there are 16 places on the foreign committee five now are held by Brandegee, Johnson, Moses McCormick, all irrevocables. Chairman Lodge opposing the and Wadsworth of New York supporting him, there would be votes in a bloc to modify the court proposal. The vote Democrat, Shields of Tennessee would raise the number to eight, out of a majority. But with votes to be filled on the Republican side and three on the Democratic side, it would require a small maneuvering on the part of the court to obtain a working majority to vote on every issue.

Rube Hall Making Good

Rube Hall who pitched a practice game for the Xenia Bayliffs recently traveled to Greensburg, Indiana, Sunday and pitched for the Greensburg Eagles. Hall won the game by a 6 to 3 count setting the Broad Ripple team of Indianapolis down with four scattered hits. Hall struck out 12 and walked four.

The Greensburg Daily News says "Hall pitched a nice game. He has speed and lots of nice curves. In only one inning did the Indianapolis bunch get more than one hit and from the fifth inning on the Rube was invincible. Hall's pitching and the Eagles fielding were the main feature of the game."

Hall will go back to Greensburg, next Sunday when the Eagles play the Keystone of Indianapolis. It is too bad that the Rube did not get to twirl for the Bayliffs this season as he is a nice piece of baseball machinery.

SWEETSER OFF GAME

Sandwich, England, May 3.—In a fit of temper, brought on by his indifferent playing, Jesse W. Sweetser, amateur golf champion of America,

today tore up his card for the final 18 holes of the St. George's challenge cup tourney and declined to divulge his score to anyone. It was an outburst comparable only with those occasionally indulged in by Bobby Jones, another American golfer.

Sweetser was miles off in his game in the present tournament and try as he might, could not seem to regain his touch as golfers call it. He had an 81 for 18 holes yesterday, lacking control in and around the greens where his usual accuracy failed him.

Just what his total was today can only be imagined.

The low score of the early starters was furnished by Francis Ouimet, the American with a total of 152. Ouimet's golf was found from tee to pin.

Dr. O. F. Willing of Portland, Oregon, who topped the field on the first day with a 74, turned in a 79 today for a total of 153 tying Ouimet for the lead.

BAYLIFFS TO PLAY BOWERSVILLE

By WONES.

The Xenia Bayliffs will play the Bowersville nine at Washington Park Sunday. The Bayliffs played this aggregation a practice game earlier in the season and succeeded in handing them a 5 to 0 defeat at that time the Bowersville gang did not have its regular lineup.

The Bayliffs were handed the short end of a 8 to 0 score last Sunday at the local field by the Springfield Athletics. The Bayliffs need not be discouraged in the showing that they made because they were up against a high class semi-pro ball team. Several of the visiting players were old timers who at one time played in the Central League when Springfield was represented. With this kind of baseballers as a nucleus the Athletics presented a real combination and one that will give the best of the semi-pro clubs a battle.

Wical, who hails from Paintersville, will do the twirling for the Bowersville nine and he is promising to hand the Bayliffs a shutout. Wical has a Kitty League experience which has no doubt helped him out a bit but anyway he had better be prepared to meet the local nine Sunday because Roy Bayliff and his crew are out for revenge and they intend on taking this game.

Bayliff has not made the pitching selection for his team Sunday but no doubt "Willie" McDonnell who twirled part of last Sunday's contest will be in the box. McDonnell put up a nice game on the mound for the locals and only two runs were scored off him. If he had started the game against the Athletics last week there might have been a different story to tell.

About the same players who took part in the game with the Springfield bunch will be on hand again for this Sunday's tilt with the Bowersville team. Tucker will be on first, Weider at the middle station, Early or Bowyer at short and Furnas at third. F. Leahey, Fuller and Schwab will more than likely be in the gardens. Randall, E. Leahey, and other athletes will be on hand, Bain will do the receiving.

The game will get under way at 2:30 o'clock with Rachford and Davis in charge. The price of admission will be 35 cents for adults while children under 12 will be admitted for 10 cents. Manager Bayliff wants players to be at Washington Park for practice Thursday afternoon at five o'clock and Sunday morning at nine o'clock.

MUCH MONEY PAID FOR LEMONS

New York, May 3.—It may be a bit early for morning glories the present season being a particularly backward one but there are indications that the human crop in the major leagues at

least, is not only expensive but large. Perhaps after all this will be the last year of extravagant minor league promises as John McGraw and other smart baseball men are prone to believe.

McGraw most certainly will not be a party to an orgy of spending, unless Jimmy O'Connell and Jack Bentley soon begin to resemble major league ball players, something they have contrived to avoid since the opening of the season. Bentley, who is said to have cost \$65,000 has failed to last five innings in two starts and either Stengel or Cunningham is destined to replace him.

These cases are typical of the star minor league performances, with a few isolated exceptions. Tris Speaker went into rhapsodies over Walter Lutzke his \$30,000 third baseman. Lutzke isn't hitting and doesn't look as though he will. Myatt, the \$50,000 catcher, hasn't made Speaker forget that Steve O'Neill is a member of the ball club.

The Phils claimed they paid \$40,000 for Heinie Sand, but to date he has played like a schoolboy. He kicks one or two of them around nearly every day, generally in the pinches. Sam Hale, the alleged \$75,000 third baseman of the Athletics hasn't a chance to show, owing to injuries but Boehler and Kunz, high priced Pirate pitchers

have faced plenty of opportunities and yielded many base hits.

Willie Kamm, the most costly of the lot, has done well enough for the White Sox and probably will do better. His hitting hasn't been impressive but Kamm is expected to live that down. He looks the part of a hitter. So does O'Connell and as a matter of fact, Bentley looks like a pitcher. He got a very late start in the south and may come along subsequently.

However, the rank fallacy of paying good money for bad ball players is apparent when the list of those who have come up in the last ten years to make good, without ballyhoo or price tag is considered. The list, while a lengthy one by no means is conclusive.

However, these few examples will serve as apt illustrations:

Frisch, Young, Bancroft, Kelly and Emil Meusel, Giants; Rogers Hornsby, Cardinals; Fonseca and Pinelli, Reds; Grimm, Bigbee and Schmidt, Pirates; Curt Walker, and Henline, Phillies; Ford, Braves; Hollocher, Cubs; Sewell, Jamieson, Indians; Sisler and Ken Williams, Browns; Ward, Bob Meusel and Dugan, Yankees; Pillette, Rigney and Bassler, Tigers; Galloway Rommel and Perkins, Athletics; Falk, Mostil and the banished Dick Kerr of the White Sox.

ENROLLMENT FOR NORMAL SCHOOL ARE BEING RECEIVED

A number of enrollments have been received for the proposed county normal school, which is to be located at Cedarville, within the next year, according to County Superintendent of Schools, H. C. Aultman.

Superintendent Aultman is requested that the heads of all schools of the county, indicate the pupils in the schools, whose ability would fit them for teaching, and to report the names of the students, to the County Superintendent's office, as soon as possible. The list of names is necessary in order that reservations may be made for the pupils in the county normal school, which will begin sessions in September. Since it will be possible to take care of only a limited number during the first term of the school, those first enrolled will be first taken care of, according to Mr. Aultman.

The normal school will also provide for teachers of experience, who are deficient in their normal training, to secure the credits required by law. Mr. Aultman said. The enrollment of prospective pupils will enable them to withdraw, their names, in case they make other plans concerning the course.

FIRM STOCKHOLDERS ACCEPT XENIA OFFER

Directors of The Omnigraph Company of Des Moines, Iowa, at a meeting Wednesday accepted the proposition of Xenia stockholders by which the company will be reorganized, brought to this city, and incorporated under the laws of Ohio.

E. E. Strawn, inventor and president of the company, will return here in a few days and with local men making application for a charter and incorporation papers in the sum of \$500,000. Ten days will be consumed in making the legal transfers and crating machinery for shipment here. It is said, Mr. Strawn will move his family here at the conclusion of the school year.

FOUR-YEAR-OLD NEW BURLINGTON GIRL IN MUSIC MEMORY TEST

MISS MARGARET HILL

One of the interesting entrants in the State Music Contest, in Columbus, last Saturday, was little Miss Margaret Hill, four year old daughter of Mr. and Mrs. Jesse Hill, of New Burlington.

Diminutive Miss Margaret held her own throughout the contest, by naming a large number of the compositions entered in the Music Memory test, completing with grade and high school pupils from over the entire state. The little girl gained her knowledge of music masterpieces, through her mother, a teacher of piano and voice, and despite her infancy can easily name a number of pieces.

On account of her age, Margaret was not included in the list of contestants, but furnished an interesting feature to the contest, before a large group of music authorities.

GOVERNOR CUTS GRASS AT MANSION

Columbus, O. May 3.—"There is nothing I like to do better than work," declared Governor Donahue today, as he explained with a chuckle that he had spent an hour and a half mowing the grass in the front yard of the governor's mansion.

Maybe the chief executive muscles were cramped from veto writing, but be that as it may, East Broad street residents were a bit surprised when the governor appeared on the broad, stately lawn, in his shirt sleeves, and gave the grass a thorough, business like cutting.

"And what's more I plan to do it right along all summer," the governor said.

TO SELECT BEAUTY QUEEN OF SECTION

A committee of judges from different interested cities will choose the beauty queen of western Ohio, from among the girls competing in the Pageant of Progress and Festival of Spring, beauty parade at Memorial Hall, Springfield, Thursday night. The judges will also select the second and third loveliest of the girls and to the three, grand prizes of the exposition will be awarded.

The first prize will be a Ford automobile, second a diamond ring, worth \$250 and the third, a \$100 merchandise order.

Miss Thelma Flanery is representing Miss Xenia in the show. The girls will pass in review before a committee of judges and before the audience after the curtain is run down on the style review.

ARISTOCRACY OF BRAINS WILL BE FORMED AT O. S. U.

Columbus, O., May 2.—An "aristocracy of brains" will be established at the Ohio State University next fall, the faculty of the arts college having adopted a plan whereby special sections are set aside for students above the average intellectually.

A student with a grade above "B" or the second highest mark, will be permitted to enter the selected group, as will other students, upon special permission, who have obtained the "B" average in a special class of subjects only.

The special classes will meet four hours a week, but receive five hours credit.

Styles BY LENORE

A very pleasing kind of summer frock is worn by the young lady in the sketch. It is made of foulard flowered in cool green on a creamy colored background, with plain green bands and pearl buttons, the waistline (a little below the normal) emphasized by stand-away which surmount slender inset panels of pleat.

Fresh and youthful, this is the type of dress which will find its way into many a vacation trunk.

Never has there been a more bewildering variety of materials shown in summer silks and cottons. Bordered materials are gaining in favor, and in cotton and linen fabrics embroidered and printed borders are overwhelmingly in the majority. In silks there is much white figured with bright red, blue or green, and the tendency to Oriental influences is given a somewhat novel turn in silk crepe printed all over in Persian neotrophics.

DIES IN HOSPITAL AT SPRINGFIELD

Mrs. Dorinda Libbert, 51 of 224 W. Jefferson Street, Springfield, died Tuesday night, at the Springfield City Hospital. Funeral services will be held at 1:30 o'clock, Friday, at the Synpp parlors, Springfield, with interment at Ferncliff Cemetery.

Mrs. Libbert is survived by her husband, Herman Libbert; her mother, Mrs. Jane Shaffer, Xenia; and the following brothers and sisters, Mrs. Olive Rudduck, Xenia; Mrs. Lavinda Linn, Alfor, Mrs. Frances Burden Medina, Mrs. Sarah Fox, Lima, Mrs. Anna Hively Terre Haute; Indiana, H. B. Shaffer, Alger and Charles Shaffer, of Flat Rock, Illinois.

from * all around. Your circle should now measure two and one-half inches. If it is too large, work tighter or use a smaller hook. If it is too small, work looser or use a larger hook. Continue to work around and around, increasing often enough to keep the circle flat. (If it draws in on the edge you are not increasing often enough, and if it ruffles you are increasing too often.)

When this circle is large enough to cover the top of the hat-frame's crown, work without increasing for three inches—or until it is long enough to cover the entire crown. Then, in next row, increase in every other stitch and from then on, work around and around, increasing often enough to make the work lie flat on the brim of the wire frame. Make this brim part three rows beyond the edge of the frame (these three rows hang over the edge of the frame, or may be sewed flat onto a white silk lining which goes on under the brim of the wire frame). A wreath of simple flowers trims the hat—or merely a bow of ribbon.

FALL KILLS WOMAN

Springfield, O., May 3.—Mrs. C. E. Lynda Speagh, 60, widow of the late Dr. C. D. Speagh of Dayton, was killed when she fell out of a second-story window at the home of her sister, Mrs. J. M. Smith, in this city. Mrs. Speagh had been in ill health for the last several months.

A PURITAN WIFE

By Jane Phelps

CHAPTER LXXXV

"You don't know how glad I am to be here, Ann," Grace said as she emerged from the living room. Her effrontery dazed Ann. She had no words in her vocabulary to express her indignation, but her gentle eyes blazed as Grace followed Dick out on the porch, and she caught her breath quickly as she heard their chatter.

"Dick is back, Ann; I heard his voice," Hugh said when she took him some broth. "Why didn't he come in and say hello?"

"I guess he thought it best not to disturb you," Ann replied. "I have cautioned everyone so often about letting you have quiet, they are afraid to disobey me." She smiled a little as he looked keenly at her.

"I heard Grace's voice, too; is she here?"

"Yes, she came back with Dick." In spite of all she could do, something of Ann's feeling showed in her voice—dry, hard, resentful.

"Ann, dear, you know how I feel toward you. I want to be a friend, to help you. Remember that if things worry you—if she makes you unhappy—there's nothing either Doc Grayson or I wouldn't do for you."

"I know, Hugh," was all Ann said, thinking no one could do anything. It was too late. Then she forgot what Hugh said. Later it was to return to her.

Now she must brace herself for what she had to face. Dick was in a dangerous mood. If she angered him in any way there was no telling to what lengths he would go. She must save him if she could, no longer for her sake, not even for little Jack's, but for his own sake. There was too much that was inherently good in him to have him ruin his life.

He and Grace came running in to dinner like two children, laughing loudly, yet to Ann, Dick's laugh somehow didn't ring true. Grace at once pounced upon little Jack. He had been asleep when she left with Dick, and in a moment she had the little fellow on her lap, telling him a funny story, making him shriek with laughter, and when she stopped for breath, crying for her to go on.

Nora appeared in the doorway.

"Come, Jackie, your dinner's ready," she said, throwing an angry glance at Grace.

"Faints to stay with Grace," he replied.

"You love Grace, don't you?" the girl asked, hugging him.

"es, I love Grace," he answered, snuggling down in her lap.

Unable to endure more, Ann said sharply:

"Go to Nora at once, Jack."

He commenced to cry, and Grace said:

"Don't cry, lambie, Grace never speaks cross to you, does she? Run along and eat your dinner, then I'll tell you another story."

Then, before the child was out of hearing, she turned to Ann and said: "He likes me best. You shouldn't

speaking to him like that! Poor little chap."

Ann bit her lip to keep back the reply that hovered there, and followed Jack and Nora into the kitchen. She had made up her mind not to answer Grace, not to give Dick a chance to find fault with her. She could not mask the resentment she felt, but she would try not to give it voice.

When dinner was ready she returned and took her place at the table. Dick and Grace kept up a running fire of talk, neither appearing to notice she said nothing. Dinner over she, as usual, attended to Hugh's dinner, setting the tray neatly, then she gave it to Nora to take to him, saying she would put Jack to bed.

"Tants Grace," he declared.

"I promised him a story, Ann. Come here, Jack," Grace held out her arms. "Jump up on Aunt Grace's lap."

Ann picked up the crying child and took him into her room. She heard Grace's exclamation as she closed the door, but paid no attention, then cradling her boy in her arms she raked her imagination to tell him as wonderful a story as Grace could, and soon he was laughing at the droll antics of a bunny rabbit who did things no self-respecting bunny ever thought of.

"Let's play cards," Grace proposed. And for an hour Ann played cut-throat, scarcely able to see the cards, not knowing what she was doing. Finally Dick yawned, and threw down his cards.

"Come on, Viking, let's take a walk. It's too glorious a night to go to bed," and with just one "I told you I'd do it" look from Dick they went out, leaving Ann alone.

Nora opened the door, and seeing Ann, her face buried in her arms, closed it quietly and retreated to the kitchen to plan a revenge on Grace Edmunds for making her beloved mistress so sad.
